

The Joint Rex Breed Advisory Committee

Application to the GCCF
for the Promotion of
Selkirk Rex (79L/79S)
to Championship Status

Rule 50a: 'The arguments for promoting the new breed.'

The factual evidence supplied in this submission for the promotion of Selkirk Rex to Championship Status provides a compelling argument to support the application. In addition, the Joint Rex Breed Advisory Committee would make the following points:

- The Selkirk Rex is an established breed worldwide, recognised at Championship status by a number of registries.
- The numbers of Selkirk Rex registered with the GCCF since the first three arrived in the United Kingdom shows a continued and healthy growth. In 2004 there were 41 registered and the breed was shown separately from other breeds for the first time; in 2005 there were 98; in 2006 there were 222 and in 2007 there were 245. This shows a growth of almost 600% in three years.
- Since Provisional Recognition, as well as successfully winning the required Intermediate Certificates and achieving very creditable results in Miscellaneous and Club Classes against British and other shorthairs, Selkirks have enjoyed top honours at a number of GCCF shows as the following list demonstrates:
Kensington Kitten & Neuter July 2007 – Amazolou Hollygolightly – BIS Kitten
Shropshire February 2008 – Wyrewood Conqueror – Best British Kitten
Lancashire March 2008 – Crinkles Jack Frost – Overall BIS
Rex Cat Association April 2008 – Mewsos Count Bassie – BIS Kitten
Shorthaired Cat Club of Scotland April 2008 – Fanatikat Dare to Differ – BOV British
Suffolk & Norfolk May 2008 – Wyrewood Conqueror – Best British Adult
Midland Counties May 2008 – Mewsos Count Bassie – Best British Kitten
Eastern Counties August 2008 – Sewnsew Wotsitaboutalfie – Best of Variety British Kitten
- Selkirk Rex are healthy, strong cats. The Breeding Policy included in this document illustrates the care taken to ensure the health and welfare of the breed. Selkirk Rex and Selkirk Rex Variants may only be registered "active" if they are DNA tested clear of PKD or are from parents deemed clear. Also, a certificate of freedom from deafness for the white parent(s) must be supplied to the GCCF before the registration of any white Selkirk Rex or Selkirk Rex Variant. The careful outcrossing to approved breeds and the addition of imported, unrelated Selkirk Rex breeding cats ensures the gene pool is growing steadily.
- Selkirk Rex have wonderful temperaments. They make loyal, loving family pets as well as striking show cats. They integrate well with other breeds and are popular with members of the public at shows.
- Although the coat is thick, dense, random and unstructured, it is easily cared for with grooming requirements similar to other semi-long or shorthaired breeds. For this reason, the care, grooming and dietary requirements are those that would make the Selkirk Rex an ideal household pet.
- Those Variants not required for breeding programmes, share the friendly, affectionate temperament of their curly counterparts and are therefore easily homed as family pets.

Amazolou Holly Golightly – Best in Show Kitten – Kensington Kitten & Neuter 2007

Crinkles Jack Frost - Best in Show – Lancashire CC 2008

Fanatikat Dare to Differ Best of Variety British SCCS 2008

Mewsos Count Bassie – Best in Show Kitten – RCA 2008

Sewnsew Whatsitaboutalfie Best of Variety British Kitten

Rule '50b: 'Confirmation of the Standard of Points as agreed at the Provisional recognition stage or the submission of an amended registration Policy. Any amendments must be shown clearly.

SELKIRK REX **(Breed 79L 79S)** **(Provisional)**

The Selkirk Rex is the result of a dominant gene that causes each hair (guard, down and awn) to have a gentle wave or curl giving the coat a soft feel. This is a medium to large cat with heavy boning that gives the cat surprising weight and an impression of power. Females may be less massive than males but not dainty in appearance. The coat occurs in both long and short-haired versions. The curliness of the coat is variable due to age, gender, climate, time of year and hormones particularly in the female. Kittens are curly at birth, may lose their curl, and develop a curly coat again at about 8-10 months of age. The coat continues to develop until about 2 years of age, so kittens and young adults should be judged mainly on head and body type. The Selkirk Rex has an alert and active personality with a sweet and endearing disposition, and should be in perfect physical condition.

Head - Round, broad and full-cheeked with round underlying bone structure. The head should be set on a short thick neck. Forehead rounded, with a slightly curved top of head. The muzzle is of medium width with well-padded whisker pads giving a rectangular impression, and is clearly visible beyond the cheeks when viewed in profile. The whiskers are curly or broken.

Nose - The nose should be short, broad and straight with a downward slant. In profile the nose can appear to have a convex curve. The nose break is neither too pronounced nor too shallow.

Chin - Firm and well developed. The bite must be level, the tip of the chin should line up with the tip of the nose in the same vertical plane.

Ears - Medium sized, broad at the base and may be tufted at the tips, set well apart on the broad head. Should fit into (without distorting) the rounded contour of the head. Internal furnishings, if present, are curly.

Eyes - Large, round and well-opened. Set wide apart with no tendency to Oriental shape nor squint. All eye colours allowed.

Body - Cobby type with a level back and may have a slight rise to the heavy hindquarters. The muscular torso is more rectangular than square, but not long. The body is equally broad across the shoulders and the rump, medium to large but not rangy.

Legs & Paws - Legs are of medium length and substantially boned. Paws are round and firm.

Tail - Thick, medium length, thicker at the base with a rounded tip.

Coat - The coat is thick and dense, with no bare or sparsely covered areas on the body. The coat stands out from the body and should not appear flat or close-lying. It is a random, unstructured coat arranged in loose individual curls giving an overall soft and plush feel. Ideally the entire coat should show the effect of the rex gene, but curliness may be most evident on the neck, belly and tail. Allowance may be made for less curl on kittens and younger adults especially females.

Longhair: The coat is semi-long, the tail curls are plummy and stand out away from the tail. The ruff hairs are longer and frame the face.

Shorthair: The coat is a fairly uniform length over the entire body. The ruff and tail fur being a similar length to the rest of the coat, with tail curls that are plush and lie compactly round the tail.

Colour – Colour and pattern are irrelevant and carry no points therefore a cat should not be penalised if apparently wrongly registered.

SCALE OF POINTS

Head (35)

Withhold All Awards for:

1. No evidence of curl.

Withhold Certificates or First Prizes in Kitten Open Classes for:

1. Flat face, snub nose or sleek Oriental appearance.
2. Lack of substantial boning.
3. Lack of curls on either the neck, belly or tail (nb: Allowance may be made for less curl on kittens and young adults, especially females.)
4. Uneven bite.
5. Any other defects as listed in the preface to this S.O.P. booklet.

Faults:

1. Lack of rectangular muzzle.
2. Excessively weak chin.
3. Tendency to Oriental eye shape.

Short Haired Fur

Long Haired Fur

3 Year Old Mature SH Blue Self Male

Rule 50c: 'Confirmation of the Registration Policy as agreed at Preliminary recognition stage or the submission of an amended Registration Policy. Any amendments must be shown clearly.'

REGISTRATION POLICY FOR SELKIRK REX CATS

Breeds approved for use in outcrossing are: British Shorthair (including longhaired Variants), Persian, Exotic (including Variants). Straight coated Selkirk Rex Variants are also allowed for breeding. In addition, American Shorthairs are permitted in the pedigrees of imported cats and their progeny. All other breeds are listed non-approved.

FULL REGISTER

Selkirk Rex with Full or Provisional recognition which have in their pedigrees within the preceding **three** generations only Selkirk Rex, Selkirk Rex Variants, British Shorthairs (including Variants), Persians or Exotics (including Variants), **with the exception that the progeny of Selkirk Rex x Selkirk Rex matings shall be placed on the Supplementary Register.** American Shorthairs were an approved outcross until 31.12.97 and are permitted in the pedigrees of imported cats and their progeny.

SUPPLEMENTARY REGISTER

Selkirk Rex with Full or Provisional recognition which have in their pedigrees within the preceding five generations only Selkirk Rex, Selkirk Rex Variants, British Shorthairs (including Variants), Persians or Exotics (including Variants). American Shorthairs were an approved outcross until 31.12.97 and are permitted in the pedigrees of imported cats and their progeny. **NB. The Selkirk Rex progeny of Selkirk Rex x Selkirk Rex matings shall be placed on the Supplementary Register.**

EXPERIMENTAL REGISTER

Selkirk Rex with Preliminary recognition which have in their pedigrees within the preceding five generations only Selkirk Rex, Selkirk Rex Variants, British Shorthairs (including Variants), Persians or Exotics (including Variants). American Shorthairs were an approved outcross until 31.12.97 and are permitted in the pedigrees of imported cats and their progeny.

REFERENCE REGISTER I

1. Selkirk Rex Variants (straight coated) with one or both parents Selkirk Rex, and which have in their pedigrees within the preceding five generations only Selkirk Rex, Selkirk Rex Variants, British Shorthairs (including Variants), Persians or Exotics (including Variants), shall be registered on the Reference Register with a Selkirk Rex Variant breed number. American Shorthairs were an approved outcross until 31.12.97 and are permitted in the pedigrees of imported cats and their progeny.
2. Selkirk Rex and Selkirk Rex Variants which have within the preceding five generations any non-approved breeds, shall be registered on the Reference Register as normal or rex-coated of Selkirk type, **with the exception of those cats listed below (Reference Register II)**

NB When kittens with one or both parents registered on the Reference Register are, under this Registration Policy, eligible to be registered on the Supplementary or Experimental Register it is recommended that the person registering these kittens requests such registration and encloses documentary evidence of the five generations required. If this is not done the kittens may be registered on the Reference Register.

REFERENCE REGISTER II

1. Any cats of Selkirk Rex appearance, either Rex or normal coated, with non-pedigree cats within the preceding five generations **shall be registered as "no recognised breed" with no progression.**
2. Any cats of Selkirk Rex appearance, either Rex or normal coated, with Devon Rex, Cornish Rex, LaPerm or Sphynx ancestry **shall be registered as "no recognised breed" with no progression.**

PKD SCREENING SCHEME

A. ACTIVE REGISTER

Selkirk Rex and Selkirk Rex Variants may be registered on the Active Register, at the breeder's request, only if:

1. They have themselves been screened clear of PKD under a recognised scheme (FAB/PKD scheme in the UK). Official confirmation of the screening result is required.
2. They are from parents deemed clear because of the results from the screening of cats (as in A.1) on every line of the pedigree in previous generations. Pedigree line in this case refers to both parents, or all 4 grandparents, 8 great-grandparents, 16 great-great-grandparents and so on, or any combination of the same inclusive of both the sire's and dam's ancestors.

B. GENETIC REGISTER

1. Selkirk Rex and Selkirk Rex Variants which are not eligible for registration on the Active Register (because one or more lines of the pedigree have not been screened clear) shall be registered on the Genetic Register, or on the Non-Active Register if so requested by the breeder. Any such cats which are already registered on the Active Register shall be moved to the Genetic Register.

2. Selkirk Rex and Selkirk Rex Variants registered on the Genetic Register may be moved to the Active Register when they have been screened clear of PKD under a recognised scheme (FAB/PKD scheme in the UK). Official confirmation of the screening result is required.

3. Offspring of cats registered on the Genetic Register may only be registered on the Active Register if they have themselves been screened clear of PKD under a recognised scheme (FAB/PKD scheme in the UK). Official confirmation of the screening result is required.

NB Cats registered on the Non-Active register may not be transferred to the Active Register via the Genetic Register, except at the request of the breeder and the current registered owner.

NOTE : Before the registration of any White Selkirk Rex or White Selkirk Rex Variant, a certificate of freedom from deafness for the white parent(s) must be supplied to the GCCF.

Note: It is recommended where the colour of a cat is in question a DNA test (where such a test exists) be arranged.

BREEDING POLICY FOR SELKIRK REX

Introduction

This document is seen as a way of ensuring breeders observe what is considered 'best practice' in their involvement with the Selkirk Rex and particularly in their Selkirk Rex breeding programmes. Selkirk Rex, unlike most other breeds, owe their origin in 1987 to one cat – Miss DePesto. Inbreeding was carried out to establish if this was a new, or already established gene. It was found that Miss DePesto was a new mutation of a complete dominant nature unlike the Devon and Cornish Rex which are both produced by a recessive gene. The Selkirk Rex may be homozygous (have two Rex genes) or heterozygous (have one Rex gene) and may be long or shorthaired. To produce Rex coated kittens at least one parent must be a Selkirk Rex. Straight coated Selkirk Rex Variants do not carry the Rex gene but are useful for breeding because the best exhibition Selkirk Rex are heterozygous. **The ideal mating is Selkirk Rex x Selkirk Rex Variant. In order to encourage 'best practice', Selkirk Rex from two Selkirk Rex parents are placed on the Supplementary, rather than the Full, Register.**

Two blood types have been confirmed in Selkirk Rex - type A and type B. Type A is dominant over type B. This means a cat with type B blood is homozygous for B. Type A cats can be either homozygous for A or heterozygous (carrying the B gene). Cats with type B blood have strong antibodies against type A red blood cells. These anti-A antibodies can cause two serious problems: Neonatal Isoerythrolysis (fading kitten syndrome) and transfusion reactions.

Aims

It is vital regular selective outcrossing be introduced and maintained to increase the gene pool and maintain stamina and health. This is 'best for the breed' in its ongoing development.

Guidelines

Breeders and owners of Selkirk Rex and Selkirk Rex Variants are recommended to blood type test all their cats but more especially all breeding stock. Blood type A kittens resulting from a mating between a type A stud and a type B queen may die within the first few days of life if allowed to suckle their mother's colostrum. It is also important to know that cats with the relatively rare type B blood can die if given a transfusion of the more common type A blood.

PKD has been confirmed in Selkirk Rex. Breeders are advised to buy only from PKD tested stock and to breed only with cats, including ALL outcrosses, which have been screened PKD clear under a recognised scheme (the FAB/PKD scheme in the UK). **It is advisable when importing a cat, to insist on a DNA test.** All cats used for outcrossing should be thoroughly researched, of sound temperament and free from any hereditary defects.

Breeders should ensure, to the best of their knowledge, that any Selkirk Rex from which they breed are of sound temperament, free from any hereditary defects, (including those listed in the GCCF Standard of

Points), and conform as closely as possible to the Standard of Points (excluding the coat description where variants are concerned).

Selkirk Rex are not compatible with either Cornish Rex, Devon Rex or LaPerms. Such matings are therefore highly undesirable. The product of such matings will be registered on the Reference Register **as “no recognised breed”** and cannot be considered to be variants. They cannot be used in any Rex breeding programme and should be placed on the non-active register. It is considered to be in the best interest of the Selkirk Rex breed to keep it entirely separate from other incompatible Rex mutations.

Under no circumstances should any cat with Sphynx ancestry be introduced into the Selkirk Rex breed. Selection for hairlessness contradicts the coat quality requirements for Rex cats. The product of any matings between Sphynx and Selkirk Rex will be registered on the Reference Register **as “no recognised breed”**. They cannot be considered to be variants nor be used in any Selkirk Rex breeding programme and should be placed on the non-active register.

Breeders shall ensure that any Selkirk Rex or Selkirk Rex Variants from which they breed, shall be registered with the GCCF in accordance with the Rules in force at the time. It is recommended that the progeny from any matings that are not required for Selkirk Rex breeding, should be placed on the Non-Active Register to avoid the introduction of the Selkirk Rex gene into other varieties of pedigree cats. To ensure a healthy gene pool outcrosses are essential. Breeds approved for use in outcrossing are: British Shorthair (including longhaired Variants), Persian and Exotic (including Variants). All other breeds are listed as non-approved. In addition, for cats bred outside the UK, American Shorthair was an approved outcross until 31.12.97 when it was discontinued. All other breeds are listed as non-approved.

Breeders will be encouraged to take advantage of any relevant official scheme, which may be devised by the Selkirk Rex BAC to test the soundness of the Selkirk Rex breed.

Rule 50d 'A list of at least 100 specimens of the breed, bred in accordance with the registration Policy, which have been registered with the GCCF.'

The following Table consists of a sample list of Selkirk Rex registered with the GCCF. Selections of pedigrees from these cats, all of which are in accordance with the Registration Policy supplied, have been provided to the GCCF office.

SELKIRK REX REGISTERED WITH GCCF –

Initially prepared in 2004 for provisional status application (*copies of pedigrees were also provided*) but subsequently updated.

SRX = Selkirk Rex, SH = shorthaired, LH = longhaired, V = Variant (straight-haired)

Rule 50f: 'A selection of Open Class Critiques'

Cat: Trueblu **Reg No:** CSREF 556878 **Date of Birth** 12.06.2003
Daringpositively
Class: Selkirk Rex Intermediate Adult
Judge: Mrs Joyce Green **Show:** Somerset Cat Club **Date:** 02.06 .2007

IC BOB Amarilli's Trueblu Daringpositively 79s 16 Large weighty boy of excellent type. Cobby body on legs which are substantially boned, round firm paws, thick tail balances. His coat feels dense and covers well, standing out from the body with loose unstructured curls which are tighter round the neck and tail areas which it is especially plush. Broad round head, full cheeks, well padded whisker pads, short broad nose has downward slant, firm chin, medium ears broad at base and well fitting, well opened round eyes set well apart. A lovely boy.

Cat: Trueblu Jetranger **Reg No:** CSEXP 620268 **Date of Birth** 01.06.2005
Class: Selkirk Rex Intermediate Neuter
Judge: Mrs Joyce Green **Show:** Somerset Cat Club **Date:** 02.06.2007

IC BOB Amarilli's Trueblu Jetranger 79I 75 Weighty boy with rectangular muscular body, well boned legs, firm round paws, proportionate thick tail. His semi long coat is soft and has random unstructured curls which are loose over his back, long ruff frames the face, lovely long plummy waves cover the tail and they really stand out. Round head has good breadth, full cheeks, rounded forehead, muzzles has well padded whisker pads, firm chin, short broad nose with break. Medium ears broad at base and tufted, set well apart. Large well opened eyes set wide.

Cat: Mewsos Romeo **Reg No:** CSEXP 673873 **Date of Birth** 17.11.2006
Class: Selkirk Rex Kitten Intermediate
Judge: Jane Allen **Show:** Merseyside Cat Club **Date:** 02.06.2007

Beard-Smith's Mewsos Romeo 79s 40/5 Sweet young man who was full of confidence. Nice round shape head with medium ears nicely set on his skull. Large, round eyes of sound blue colouring developing. Medium length nose with as much break as I would like to see. Full cheeks and with some definition to his muzzle. He was teething so I am sure his muzzle will develop further as he matures further. Thick neck and lovely body shape. Medium length legs and round, strong paws. I liked the random curls on his coat which was dense and thick. Promising mask, tail and leg colouring developing too. Very well shown and a delight to handle.

Cat: Curlu Flynn **Reg No:** CSEXP 654166 **Date of Birth** 18.06.2006
Class: Selkirk Rex Intermediate Neuter
Judge: Mrs S Heavens **Show:** London Cat Club **Date:** 09.06.2007

1 IC & BOB Lorton-Hobbs' Curlu Flynn 79I 15 MN 18.06.06 Black Selkirk Rex Longhair. What a pose and stunning with it! Good broad head with round smooth skull between ears which are well set, slightly large in size with broad base and tufts to tips. Expressive round well opened eyes an orange colour, short nose with downward slant, depth coming to muzzle, well-padded whisker pads give rectangular impression, level bite

and firm chin. Cobby shaped body with sturdy boned limbs and large firm round paws. His coat really is his crowning glory, thick and dense, quite a good length with almost full curls evident all over. Very full tail slightly on the fluffy side.

Cat:	Curlu Finlay	Reg No:	CSEXP 654163	Date of Birth	18.06.2006
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs S Heavens	Show:	London Cat Club	Date:	09.06.2007

2 Lorton-Hobbs' Curlu Finlay 79s 15d 18.06.06 Red Shorthair Selkirk Rex. He is developing well and still has that stunning purr, I would have needed a small suitcase to put him and his brother in. Lovely round head broad and full-cheeked with round underlying bone structure, there is good width between slightly large ears with broad base. Large well-opened super deep orange eyes, short nose with downward slant, his muzzles is developing well and has good width a little round at present he still has cute curly whiskers. Level bite and firm chin. Cobby shape to body with very sturdy legs and firm round paws. Lovely coat a vibrant red very thick and dense standing well from the body, very unstructured at the stage where there is just a hint of curls evident to the ends. Medium thick tail with good plush curls.

Cat:	Trueblu Daringpositively	Reg No:	CSREF 556878	Date of Birth	12.06.2003
Class:	Selkirk Rex Intermediate Adult				
Judge:	Pamela Wilding	Show:	Lincolnshire Cat Club	Date:	14.07.2007

1 IC BOB Amarilli's Trueblu Daringpositively 79s 16 Sturdy fellow with beautiful blue coat thick and curly. Good round head, good profile and chin. Level bit. Well set ears. Lovely orange eyes. Thick neck, good legs and paws. Thick tail. Excellent temperament.

Cat:	Magnetique Silver Cassius	Reg No:	CSEXP 656238	Date of Birth	24.04.2006
Class:	Selkirk Rex Intermediate Adult				
Judge:	Pamela Wilding	Show:	Lincolnshire Cat Club	Date:	14.07.2007

2 Lee's Magnetique Silver Cassius 79s 31s Splendid fellow big and muscular with lovely sturdy legs and big paws. Good broad head, good profile and chin. Medium ears well set. Big expressive eyes. Muscular cat with thick coat just slightly straighter than winner. Good temperament just a little shy.

Cat:	Trueblu Jetranger	Reg No:	CSEXP 620268	Date of Birth	01.06.2005
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Pamela Wilding	Show:	Lincolnshire Cat Club	Date:	14.07.2007

1 IC BOB Amarilli's Trueblu Jetranger 79I 75 Handsome chap and so very relaxed he was going to take a nap on the table. When we persuaded him to stand up so we could look at him, he is worth looking at. Lovely face and big green eyes. Well set ears. Strong neck, muscular body. Sturdy legs and paws. Good tail. Lovely coat. Pleasure to judge.

Cat: Amazolou Rintintin **Reg No:** CSEXP 677190 **Date of Birth** 05.04.2007
Class: Selkirk Rex Intermediate Kitten Male
Judge: Sue Lorton-Hobbs **Show:** Lincolnshire Cat Club **Date:** 14.07.2007

1 Amarilli's Amazolou Rintintin 79I 43f 3 mths 1 wk. What a poppet of a person! Gorgeous temperament, just flopped in my steward's arms! Down as a Red shaded on the Pen but I do think he is a Cream. Super breadth to the head overall, medium well spaced ears correctly broad at base and have nice internal furnishings with round expressive eyes a short downward slanting nose with good fullness across the cheeks. Muzzle is developing its width and padding but it is evident, whiskers rather straight. Level bite with nice depth to the chin which lines up well in profile. Body still to develop the rectangular appearance but he is just a baby as yet although he is a nice weight for his size. Very good loose waves and curls, particularly on his head and underparts, but also only to a slightly lesser degree on the upper body so the overall impression is lots of curls that are soft and standing well away from the body. Excellent ruff frames his face and his tail is full, medium in length and broad at the tip. I did however wonder if this kitten could be a smoke.

Cat: Amazolou Mister Fantastic **Reg No:** CSEXP 679356 **Date of Birth** 03.04.2007
Class: Selkirk Rex Intermediate Kitten Male
Judge: Sue Lorton-Hobbs **Show:** Lincolnshire Cat Club **Date:** 14.07.2007

2 Amarilli's Amazolou Mister Fantastic 79I 36f 3mths 1 wk. Also on the pen as a Red and I agree with that opinion. Red Smoke. Slightly larger framed lad, broad headed and full cheeked with very good ears for set and spacing, slightly tufted inner furnishings, short downward slanting nose, large round eyes, level bite but chin could be a little deeper for balance, although I feel his muzzle is slightly better developed than the winners' and he too has straighter whiskers. Cobby body, nice weight and feel to him, medium length to the legs with good bone. His coat is a mix of length being tufted and also semi-longhaired. The texture at present has some harshness to it; he has curls on his neck and legs and is just starting on his back.

Cat: Amazolou Holly Golightly **Reg No:** CSEXP 679352 **Date of Birth** 03.04.2007
Class: Selkirk Rex Intermediate Kitten Female
Judge: Sue Lorton-Hobbs **Show:** Lincolnshire Cat Club **Date:** 14.07.2007

1 Amarilli's Amazolou Holly Golightly 79I 36 3mths 1 wk. Beautiful example of this breed! Black Smoke. Excellent head shape and ears for shape, set and breadth at base with super curly ear furnishings. Rounded profile leading to a downward slanting short broad nose, eyes are fully rounded and expressive. Medium width muzzle is already developing its rectangular appearance; excellent broad cheeks and her whiskers are curly. Level bite but her chin sloping back just a little. Her body is solid and has good bone, cobby in appearance. The coat is beautifully soft, stands away well, and is dense and really wavy and curly with excellent curl on her tummy too, really tight. Tail is plummy and thick at base with a rounded tip.

Cat:	Amazolou Edna Mode	Reg No:	CSEXP679351	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Sue Lorton Hobbs	Show:	Lincolnshire Cat Club	Date:	14.07.2007

2 Amarilli's Amazolou EdnaMode 79s 36e 3mths 1wk. Tortie Smoke. Nice sized lass of solid proportions. Super round profile, ears are medium in size and broad at base but slightly pointed at the tips. Good breadth across the cheeks and muzzle with a short downward slanting nose but her chin needs more depth. Round expressive eyes. Her whiskers are long and rather straight. Her bite is level. Cobby body, medium length strong legs. Fairly soft coat, developing loose waves down the tummy, legs and neck and around the shoulders but rather straight on her back still. The coat is mostly short but lengthens down her back. Tail is a fraction short for balance.

Cat:	Trueblu Rockabilly	Reg No:	CSEXP 673170	Date of Birth	23.07.2006
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs Joyce Green	Show:	Gwynedd Cat Club	Date:	21.07.2007

1 IC & BOB Minshall Trueblu Rockabilly 79s 15d Very good type, lovely curly coat, well shaped head, I loved his face and expression.

Cat:	Amazolou Supersonic Suzie	Reg No:	CSEXP 679353	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs Joyce Green	Show:	Gwynedd Cat Club	Date:	21.07.2007

1 BOB Minshall Amazolou Supersonic Suzie 79s 36 A delightful baby of three months. Coat showing signs of curl, head shaping up well.

Cat:	Amazolou Rintintin	Reg No:	CSEXP 677190	Date of Birth	06.04.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	Sue Lorton-Hobbs	Show:	Kensington Kitten & Neuter	Date:	14.07.2007

1 Amarilli's Amazolou Rintintin (79L 16) 3mths 1wk. Blue in my book changed to a Red on the pen. I am, however, not convinced he is red. I think he is cream, so I judged him as such. Round head with good broad cheeks, medium well spaced ears, broad at base and have nice internal furnishings. Expressive, round eyes, short downward slanting nose and level bite with good depth to the chin. Muzzle is developing its width and padding, whiskers a fraction straight. Solid and muscular body, still developing the rectangular appearance although he is a nice weight for his size. Superb loose waves and curls over most of his body but particularly on his head and underparts, nice softness to the coat and stands well away from the body. Excellent ruff frames his face and his tail is full, medium in length and broad at the tip.

Cat:	Amazolou Mister Fantastic	Reg No:	CSEXP 679356	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	Sue Lorton-Hobbs	Show:	Kensington Kitten and Neuter	Date:	28.07.2007

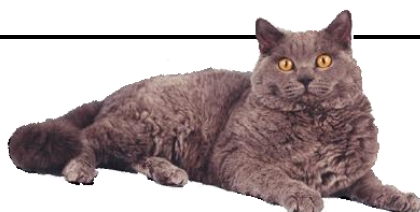

2 Amarilli's Amazolou Mister Fantastic 79I 36f 3mths 1 wk. On the pen as changed from Cream to Red in my book and in a very recent show I agreed with that opinion. However in different very white lighting I could change my mind. Slightly larger framed lad, broad head and full cheeked with very good ears for shape and set and width between, slightly tufted inner furnishings. Correct downward slanting nose, large round eyes, level bite but chin could be a little deeper for balance, he too has straighter whiskers. Cobby body, nice weight and feel to him, medium length to the legs with good bone. His coat is still a mix of length being short and tufted and also semi-longhaired, but a little better than 2 weeks ago for density today. The texture at present has some harshness to it; he has curls on his neck and legs and is just starting on his back. I think that once his coat comes through as he has better type he will take over the lead from the current winner.

Cat:	Amazolou Holly Golightly	Reg No:	CSEXP 679352	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Sue Lorton-Hobbs	Show:	Kensington Kitten & Neuter	Date:	14.07.2007

1st BOB Amarilli's Amazolou Holly Golightly (79L 36) 3mths 1 week. Beautiful example of this breed! Black smoke. Superb breadth to head and cheeks with medium well spaced ears, broad at base and have super curly ear furnishings. Rounded profile leading to a downward slanting short broad nose, eyes are fully rounded and expressive. Medium width muzzle is already developing its rectangular appearance with curly whiskers. Level bite but her chin slopes back a wee bit. Her body is solid of pleasing weight and has good bone, cobby in appearance. The coat is just gorgeous! Really soft, stands away well, and is dense and is amazingly wavy and curly with excellent curl on her tummy too. Tail is plummy and thick at base with a rounded tip. My nomination for Best BSH Kitten which she won! Then went onto win Overall Best Kitten In Show and it just shows the quality of this kitten as to how far she got against longstanding breeds. Well done!

Cat:	Amazolou Edna Mode	Reg No:	CSEXP 679351	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Sue Lorton Hobbs	Show:	Kensington Kitten and Neuter	Date:	28.07.2007

2 Amarilli's Amazolou Edna Mode 79s 36e 3mths 1wk. Tortie Smoke. Nice sized lass of solid proportions. Good round profile, with nice breadth to the cheeks, ears are medium in size and broad at base but slightly pointed at the tips. Short downward slanting nose but her chin needs a tad more depth. Round expressive eyes. Quite good padding coming to whisker pads but the whiskers themselves are straight as yet. Level bite. Cobby body of nice weight supported by, medium length strong legs. Her coat is reasonably soft, still developing loose waves down the tummy, legs and neck and around the shoulders but rather straight on her back still. The coat is mostly short but lengthens down her back. Tail is a fraction short for balance.

Cat:	Sarikakings Amilynd Flossy	Reg No:	CSEXP 683172	Date of Birth	19.03.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Sue Lorton Hobbs	Show:	Kensington Kitten and Neuter	Date:	28.07.2007

3 Fagg's Sarikakings Amilynd Flossy (79L 28) Blue-cream aged 4mths 1wk. Pretty kitten but marginally looking too "British". Her head is very round, smaller sized ears but of correct width at the base, but a fraction pointed at the tip. Rounded profile with a very short straight nose, slants downwards marginally. Round eyes, of nice expression and set. Marginally undershot bite with a very very firm chin but teething so I hope the bite doesn't worsen. Nice weight and solid feel to her, well grown and nicely developed but quite short backed still. Her coat is rather straight all over as yet, some curliness just under her neck and at the back of her ears, stands away really well and is fairly soft to the touch. Her muzzle is pinched rather than developing a rectangular whisker pads when viewed from the side.

Cat:	Tollcross Deeply Dippy	Reg No:	CSEXP 656660	Date of Birth	16.06.2006
Class:	Selkirk Rex Intermediate Adult				
Judge:	Mrs J Higgins	Show:	Eastern Counties Cat Club	Date:	04.08.2007

1 IC & BOB Baker's Tollcross Deeply Dippy SH Red. Head broad and round, full cheeks, round forehead, medium sized ears set well, large round bright copper eyes, short straight broad nose, good whisker pads, curly whiskers, firm chin, set on thick neck, thick dense coat with curls on the surface, plushy feel, a rich red colour, body cobby and muscular, well grown and solid, strong boned legs, round paws, tail medium length, well covered, in excellent condition with a sweet purring temperament.

Cat:	Curlu Delanna	Reg No:	CSEXP 648899	Date of Birth	23.05.2006
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Mrs L Ashmore	Show:	Scottish Rex Cat Club	Date:	04.08.2007

1st IC withheld Anderson's Curlu Delanna. SH Tortie of pleasing type but sadly undershot. Good body shape, paws and tail. Coat at a bit of an in between stage on the day. Well shown in lovely condition.

Cat:	Curlu Gretel	Reg No:	CSEXP 680467	Date of Birth	28.04.2007
Class:	Selkirk Rex Intermediate Kitten				
Judge:	Mrs L Ashmore	Show:	Scottish Rex Cat Club	Date:	04.08.2007

1 BOB Anderson's Curlu Gretel. The most charming LH Lilac baby. Sound overall type. Solid body & chunky little legs. Coat randomly waved everywhere. She was prepared to perfection & smelled divine. All in all a super little girl with a mischievous character.

Cat:	Trueblu Daringpositively	Reg No:	CSREF 556878	Date of Birth	12.06.2003
Class:	Selkirk Rex Intermediate Adult				
Judge:	Mrs L Ashmore	Show:	Chester & North Wales Cat Club	Date:	11.08.2007

1 IC & BOB Amarilli's Trueblu DaringPostively Superb example of this breed generally. Nice head with pale yellow eyes, well set ears. Correct body shape, a little bit on the smaller side but well muscled and of good weight for size. Excellent coat just a bit flatter on spine area.

Cat:	Amazolou Mister Fantastic	Reg No:	CSEXP 679356	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	Mrs L Ashmore	Show:	Chester & North Wales Cat Club	Date:	11.08.2007

1 & BOB Amarilli's Amazolou Mister Fantastic. A lovely baby with a slightly alarmed expression. Nice weight to body, chunky legs. Good coat texture with random curls. Sweetest nature.

Cat:	Trueblu Jetranger	Reg No:	CSEXP 620268	Date of Birth	01.06.2005
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs L Ashmore	Show:	Chester & North Wales Cat Club	Date:	11.08.2007

1 IC & BOB Amarilli's Trueblu Jetranger Very expressive eyes. Very slight bump in profile. Coat very well prepared, smelt divine. Some good curls on legs and behind ears.

Cat:	Catbalu Quando	Reg No:	CSEXP 640512	Date of Birth	06.10.2005
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Celia Leighton	Show:	Three Counties Cat Society	Date:	18.08.2007

1 IC BOB Walker's Catbalu Quando (79S 15) 6.10.05 MN An attractive boy of very pleasing appearance with nice medium wide-based ears which were held just a little high on his head. Lovely large round eyes of a very nice golden colour with a good short broad nose with downward slant in profile. Good width to his well rounded head with a very nice muzzle showing good whisker pads and cute curly whiskers. Very nice four square cobby body with deep chest and flanks and nice short thick-set limbs. Good short thick dense coat which was a very nice dense black and was sound throughout and showed just enough curly to his torso but it was more prominent to his face, legs and tail.

Cat:	Curlu Delanna	Reg No:	CSEXP 648899	Date of Birth	23.05.2006
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Celia Leighton	Show:	Three Counties Cat Society	Date:	18.08.2007

1st IC withheld Anderson's Curlu Delanna (79S 21) 25.03.06 I was sorry to withhold the certificate on this well grown nicely developed girl but for me she was just too "British" in type overall. Well rounded head with neat small ears which were not set correctly and were not wide at the base. Large round eyes of a lovely colour. Nose straight but not really short enough and had no downward slant in profile. Well rounded cheeks and muzzle which should have been squarer in appearance and show whisker pads, but she has a good chin and level bite. Lovely mature looking body with deep chest and flanks and a very nice vibrant tortie pattern to her coat which had a very "British" look and texture to it and really lacked very much curl to any part. Good length tail with slightly better curl evident. Very friendly and in lovely temperament.

Cat:	Curlu Gretel	Reg No:	CSEXP 680467	Date of Birth	28.04.2007
Class:	Selkirk Rex Intermediate Kitten				
Judge:	Mrs J Higgins	Show:	Three Counties Cat Society	Date:	18.08.2007

1 & BOB Anderson's Curlu Gretel Head round and broad, rounded forehead, ears broad at base medium in size, large round copper eyes, good whisker pads, short broad nose, firm chin. Coat semi long thick and dense, has ripples on the surface, curls showing around tail area, a very even lilac colour, body cobby, well grown and plump, muscular legs, round paws, medium length tail, very good condition with a very friendly happy nature.

Cat:	Jopalma Howdy - Bing	Reg No:		Date of Birth	24.04.2006
Class:	Selkirk Rex Intermediate Adult				
Judge:	Mrs S Heavens	Show:	West of England & South Wales	Date:	25.08.2007

1 IC & BOB Ballard's Jopalma Howdy-Bing (79S 30a) M 24.04.2006 Blue Taby Shorthair. A very large boy with super nature which helped him win his certificate. Large round head with wide top and medium sized ears which were broad to the base, set well he did splay them a fraction. Well opened round eyes, his nose was a fraction on the short side and this made his muzzle seem a little round, but the devastation purr and lick as I was examining his bite worked wonders! It was level and he has a firm but rather grubby chin. Very cute curly whiskers. Cobby shape to body well filled and just about rectangular at present, lovely thick dense coat covering the body well with the hint of curls to the ends all over, thick medium length covered well with curls.

Cat:	Amazolou Mister Fantastic	Reg No:	CSEXP 679356	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	Mrs P Wilding	Show:	West of England & South Wales	Date:	25.08.2007

1 Amarilli's Amazolou Mister Fantastic (79L 35d) Delightful chap and well grown. Very good head, good profile & chin, medium ears well set, amber eyes of good shape and setting. Firm body. Good legs, feet and tail. Lovely coat and very curly. Excellent temperament.

Cat:	Amazolou Edna Mode	Reg No:	CSEXP 679351	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs P Wilding	Show:	West of England & South Wales	Date:	25.08.2007

1 BOB Amarilli's Amazolou Edna Mode (79S 36e) Beautiful girl with super head, neat ears & lovely eyes. Firm body. Good legs, feet & tail. Coat good length & texture, a trifle straight at present which SOP allows for. Much like her litter brother & just slightly better type hence BOB. But his coat was super.

Cat:	Amazolou Edna Mode	Reg No:	CSEXP 679351	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs S Lorton Hobbs	Show:	Wyvern Cat Club	Date:	08.09.2007

1st & BOB Amarilli's Amazolou Edna Mode (79S 36E) Black Tortie Smoke 3.4.07 Judged fairly recently and she has grown on well and have a nice solid feel about her. Good breadth to her head with medium well set ears nice and broad at base. Rounded profile with a short straight downward slanting nose, level bite and firm deep chin that lines up well. Her eyes are round and large and expressive. The muzzle has developed since last judged and is more prominent and well padded with curly whisker. The body is developing a good rectangular shape supported by short strong boned legs, The coat is definitely more wavy than when last judged, more waves around the neck and ears, belly and very visible on her rear legs. The coat is standing away well and has more loose waves on the back than evident when last judged. The tail is a good length but is rather straight as yet but overall she is developing that Selkirk look and has a super temperament.

Cat:	Amazolou Supersonic Suzie	Reg No:	CSEXP 679353	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs S Lorton Hobbs	Show:	Wyvern Cat Club	Date:	08.09.2007

2nd Minshall's Amazolou Supersonic Suzie (79S 36) Black Smoke 3.0.07 Litter sister to the above winner and in lots of ways similar although I would suggest she appears to be slightly more British in her type. She too is well grown and a good weight but has a shorter body length than her sister as yet. She has a nice breadth to the head but her ears are slightly smaller than medium, correctly broad at base though and well set. Round but slightly smaller eyes, nice expression too. Her nose is shorter and reasonable downward slanting, level bite but her chin slopes back a smidgen at present. The muzzle needs to come forward, it is marginally too rounded as yet but there is evidence of the padding developing when viewed from the side so maybe she is a slower developer than her sister. Straight whiskers. The tail is a good length. Her coat stands away nicely and has waves over her head, ears and neck, less on the legs and belly than the winner.

Cat:	Amazolou Rikki Tivvi Tavi	Reg No:	CSEXP 657738	Date of Birth	29.05.2006
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs C Wren	Show:	Wyvern Cat Club	Date:	08.09.2007

1 IC & BOB Matthews's Amazolou Rikki Tivvi Tavi LH Brown Spotted Male. Nice shape to the head although a little small in comparison to his body. Well set & medium sized ears broad at the base, rounded brow & cheeks with good underlying bone, big round pale green eyes, well padded muzzle giving a rectangular appearance, level bite. Well grown broad body with good muscle, thick short legs with large firm rounded paws, thick tail. Very good coat which has plenty of density & stands away from the body. Plenty of curl all over (a couple of knots behind his ears!)

Cat:	Catbalu Quando	Reg No:	CSEXP 640512	Date of Birth	06.10.2005
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs C Wren	Show:	Wyvern Cat Club	Date:	08.09.2007

2 Walker's Catbalu Quando 06.10.05 SH Black Male. Nice broad top of head with well set ears, plenty of width across the brow and cheeks, big round bold eyes, broad nose leading to a strong rectangular muzzle, level bite. Broad chest to a well grown solid body. The coat today is very flat & sparse on his back with very little curl, just slightly wavy apart from under his chin and on his thighs & tummy.

Cat:	Curlu Finlay	Reg No:	CSEXP 654163	Date of Birth	18.06.2006
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Miss C White	Show:	Bucks, Oxon & Beds	Date:	15.09.2007

1 IC BOB Lorton-Hobbs' Curlu Finlay Red Shorthair Male 18/06/2006 An impressive male of good stature giving an impression of power. Once identified when I signed his certificate I think he has really come on and matured in recent months. Muscular rectangular body of good depth with broad chest and level back. Legs are medium in length and very well boned. Round firm paws. Broad round head with full cheeks and nicely rounded profile to forehead. Ears of medium size have good width between and are wide at the base. They are set well. Super large round copper eyes. Short broad nose has pleasing slant in profile. Medium

width muzzle is fairly well padded. The whiskers are mostly broken or curly – just one or two errant straight ones! Level bite and firm chin. Super rich red coat, of uniform length across his body. It stands out from the body and covers the body well. For the time of year he has good evidence of the Rex gene and he has loose random curls around his face and neck, lower body and around the tail. The coat is just a little straighter down the spinal area at the moment. Evidence of curling around his paws and on his tail which is thick at the base and of medium length. A credit to the breed.

Cat:	Amazolou Sweetpea	Reg No:	CSEXP 658833	Date of Birth	08.07.2006
Class:	Selkirk Rex Intermediate Adult				
Judge:	Miss C White	Show:	South Western Counties	Date:	22.09.2007

1 IC BOB Blagdon's Amazolou Sweetpea Shorthair Silver Shaded female. 08/07/06 Very attractive female with a cobby compact frame with muscle tone. She has balanced breadth and depth of body and stands on medium length legs with firm paws. Round head with full cheeks. Medium sized ears are broad at the base and tufted at the tips. They are well set to fit into the contours. Nicely rounded forehead leads to a nose which is short and broad and slants downwards in profile. Super well opened round green eyes with lovely expression. Level bite in square muzzle and well padded whisker pads with some broken and some straight whiskers. Chin could be firmer. Thick dense coat is even in length across her body. It covers the body well and has a lovely dense plush feel to it. The coat is very good for the loose random curls, just apart from down her centre back where it is more wavy, probably due to her age and the time of year. There are good curls all around her neck and chest and lower sides. When we looked at her tummy, she has a distinct line of lovely curls running right down the middle – looks like a curly zip for when she hangs her coat up at night! There is evidence of the Rex gene down onto her paws and on her tail, which is of correct length and has a rounded tip. The undercoat is pure silvery white and there is black shading along her upper body, paler on her face and legs. Delightful cat. Such a pretty face and sweet expression.

Cat:	Sarikakings Cleyview Lylia	Reg No:	CSEXP 678943	Date of Birth	01.01.2007
Class:	Selkirk Rex Intermediate Kitten				
Judge:	Mrs V Brooks	Show:	South Western Counties	Date:	22.09.2007

1 BOB Blagdon's Sarikakings Cleyview Lylia 1.1.2007 (79S 30se) F Well-grown girl of excellent weight and size. Broad round head with slightly curved top of head, medium ears broad based and set well into the contours of the head. Full cheeks, large round bold eyes, width to the muzzle with the whiskers still developing so not looking as “boxy” as I'd like. Short broad nose with downward slant, firm chin and level bite. Deep cobby rectangular body with level back broad across the shoulder and rump, strong well boned legs and round firm feet, thick blunt tail of good length. Thick dense coat standing out from the body, a bit straight along the spine but with good covering of loose unstructured curls over the rest of the body.

Cat:	Adsetsh Amazolou Willow	Reg No:	CSEXP 693173	Date of Birth	28.06.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs Anne Gregory	Show:	Colourpoint Rex Coated & AOV	Date:	20.10.2007

1 + BOB Blagdon's Adsetsh Amazolou Willow 79L 36, F, 28.6.2007. WOW!!! A gorgeous baby with attitude and style! Excellent type and expression. Lovely head with breadth and rounded contours. The cheeks were full and she had a medium muzzle with well padded whisker pads. The forehead was well

rounded and the top of the head slightly curved. The ears were medium sized, broad at the base and set well apart in the contours of the head. In profile, she had a good nose break, the nose had the desired downward slant and the chin was firm and well developed. Level bite. Gorgeous eyes, large, round and well opened with a cheeky expression!. Cobby body with a level back and lovely muscle and weight for her age. Medium length legs that were well boned and round, firm paws. Thick tail of medium length. Wonderful coat that was thick and dense with really good curls. It was really random and unstructured with loose curls that were soft and plush. Very promising - you are lucky she was still there at the end of the day to become Best Selkirk - I could not fit her in my pocket!

Cat:	Crinkles Angel	Reg No:	CSEXP 685673	Date of Birth	02.05.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs Anne Gregory	Show:	Colourpoint, Rex-Coated & AOV	Date:	20.10.2007

2 Harrison's Crinkles Angel 79L 15D, F, 2.5.2007 Another beauty of excellent type and overall balance with a beautifully unstructured coat that was so well waved. I loved her expression and she had an excellent head. I did think carefully about my placings, and, at five months, she is just going through that "in between" stage where her head was slightly small in relation to her body which affected the overall balance. That said, she is extremely promising and a super example of this delightful breed. Excellent presentation, condition and temperament.

Cat:	Amazolou Edna Mode	Reg No:	CSEXP 679351	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs Anne Gregory	Show:	Colourpoint, Rex Coated & AOV	Date:	20.10.2007

3 Amarilli's Amazolou Edna Mode 79S 36E, F, 3.4.2007. Another very promising kitten - I really liked her type and expression. She was well grown with a cobby, muscular feel to her. Very good head - perhaps her eyes could be a little larger for perfection? Very good profile and lovely chin depth. Full cheeks and rounded contours. The medium ears were set well apart. Well balanced overall with stocky legs and a good tail to balance. The coat was dense and stood away well from the body. She had curls around the ears and tail, but she is going through the stage where it could have been more curly on her back. Excellent temperament and condition.

Cat:	Tishkabar Appassionata	Reg No:	CSEXP 693106	Date of Birth	24.05.2007
Class:	Selkirk Rex Intermediate Kitten				
Judge:	Mrs C Kaye	Show:	Kentish	Date:	20.10.2007

1 BOB Palmer's Tishkabar Appassionata (79L 40.8) Female 24.05.07 Good size & balance. Overall rounded look to head, cheeks filling out, rectangular appearance to muzzle, level bite, good chin, well set ears of reasonable size. Eyes of good shape, set & size. Substantial body with good length to it, good limbs & tail. Coat is thick & dense, loose curls, soft texture.

Cat:	Sarikakings Amilynd-Spring	Reg No:	CSEXP 686763	Date of Birth	02.04.2007
Class:	Selkirk Rex Intermediate Kitten				
Judge:	Mrs C Kaye	Show:	Kentish	Date:	20.10.2007

2 Fagg's Sarikakings Amilynd-Spring (79S 36f) female 2.4.09 Reasonable size but well balanced girl. Round head, cheeks filling out, rectangular muzzle, level bite, good chin, pleasingly short nose, medium sized ears but a little high in set. Eyes of good set, shape & size. Correct body shape, limbs a little fine, tail a little long & thin. Coat is soft & there is evidence of gentle curliness but it is a little lacking in density.

Cat:	Trueblu Rockabilly	Reg No:	CSEXP 673170	Date of Birth	23.07.2006
Class:	Selkirk Rex Intermediate Adult				
Judge:	Mrs Anne Gregory	Show:	Yorkshire Cat Club	Date:	27.10.2007

1 + IC + BOB Minshall's Trueblu Rockabilly 79s 15d, M, 23.7.2006 A handsome Selkirk with a very endearing temperament who was a pleasure to judge. Strong and well balanced with very good type overall. The head was broad with rounded contours. Full cheeks and a medium width to the muzzle accentuated by well padded whisker pads. The ears were of medium size and set wide apart on the head in the rounded contours. In profile the forehead was rounded with a short, broad nose that was straight but with a downward slant. Firm chin. The muzzle was clearly seen beyond the cheeks. Very expressive eyes, large, round and well opened. They were set well apart. Excellent cobby body with a level back and a rectangular shape. Lovely breadth to the shoulders and rump. Medium length legs that were well boned. Round, firm paws. Tail was thick and a good length to balance with a rounded tip. Lovely curly coat that was thick and dense. It stood well away from the body, random and unstructured. Lovely for burying your fingers in! Beautifully presented in excellent condition and a joy to judge!

Cat:	Wyrewood Conqueror	Reg No:	CSEXP 690032	Date of Birth	06.07.2007
Class:	Selkirk Rex Intermediate Kitten				
Judge:	Sue Lorton-Hobbs	Show:	Yorkshire Cat Club	Date:	27.10.2007

1st & BOB Hazel's Wyrewood Conqueror (79S 15) aged 3 months Absolutely stunning kitten! For at this age to have the waves and curls and type altogether present must be very difficult to achieve. He has a beautiful broad cheeked head, excellent width between correct ears for set and shape. To nitpick I would prefer to see his eyes a little larger but they are round and expressive and well opened. Short downward slanting nose with curly whiskers and eyebrows evident too. You can see that the muzzle when viewed in profile is just starting to pad and from the front, there is a slight rectangular shape evident already. His bite is level and chin is a good depth, lining up well with the tip of the nose. He is cobby in type with a good straight level back, broad across his chest and flanks already with medium length well legs and of very good weight and substance for his age; just starting to develop the required rectangular shape. His coat is just beautiful! Really thick, glossy, soft and plush, taking the form of a mix of loose and tight unstructured waves all over his body, head and even his face plus his legs and paws with a balanced tail showing waves too. Although colour is irrelevant I must comment on his density of black he is a lovely jet black and quite striking! Purred for England and made bread and was my take home cat of the day.

Cat:	Catbalu Quando	Reg No:	CSEXP 640512	Date of Birth	06.10.2005
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs J Green	Show:	Rex Cat Club	Date:	03.11.2007

1 IC BOB Walker's Catbalu Quando Well boned cobby boy of very good type and well muscled, tail and limbs in proportion, round firm paws. His coat is thick and dense and stands out from the body, showing good rexing overall. Broad round head with round underlying structure, good muzzle, well padded whisker pads visible beyond the cheeks. Short broad nose with slight downward slant, well developed chin. Medium ears set well apart and fit well. Large round well opened eyes. A relaxed and gentle exhibit and a pleasure to judge.

Cat:	Tollcross Fitz Bang	Reg No:	CSEXP 690238	Date of Birth	18.06.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	John Hansson	Show:	Rex Cat Club	Date:	03.11.2007

1st BOX. Baker's Tollcross Fitz Bang 79S 30. 18-06-07. Brown Spotted Tabby, excellent bone & substance for his very young age. Head has good breadth & is well rounded on the cheeks, muzzle developing well with some squareness already present, rounded brow, good chin, teething badly with double upper & lower canines on both sides, his bite surprisingly good under the circumstances. Medium size ears set well, tiny tufts on the tips, some curl to the hair on the insides. Eyes still a little baby small as yet showing very good orange development to the colour (not that it is relevant but does add to the overall (effect), the shape quite well rounded. Good neck, the body has quite a good compact shape for his young age, promising breadth to his chest, with sturdy bone to his legs, good round paws, well proportioned tail. Lovely coat, which has a good degree of density & parts easily, with some loose curl evident on the body which is a little tighter on the tummy & round his neck & front, curly whiskers. As a point of interest his colour is warm & the spotting on his body well defined, with good facials also evident. Very confident little chap, with an outgoing personality, excellent condition.

Cat:	Northstar Magnus	Reg No:	CSEXP	Date of Birth	09.06.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	John Hansson	Show:	Rex Cat Club	Date:	03.11.2007

2nd North's Northstar Magnus. 79L 39f. 09-06-07 Cream Silver Tipped, on pure appeal the winner but the type not so well defined as yet & rather pretty for a boy. Head is nicely rounded though the cheeks could be a little fuller & his muzzle has still to show a squarer appearance, rounded brow, requires a little more depth of chin, bite marginal but teething badly & also with double upper canines. Ears are well placed smaller medium size, quite neat in appearance, well furnished interiors & tufts on the tips. Eyes rounding well, still like the boy above to attain more size, hazel green in colour. Body is well proportioned, not quite so sturdy as the winner, smaller round paws, well balanced medium length tail. Very impressive springy unstructured coat of very good length, separates easily with plenty of length evident, some ruff already present & good breeches also, lovely curly tummy & under parts. More shaded than tipped but that is completely irrelevant, I mention it merely for descriptive purposes, quite soft & subtle with silver well in evidence, a little deeper on the mask. Lovely condition & has a lovely disposition.

Cat:	Curlu Gretel	Reg No:	CEXP 680467	Date of Birth	28.04.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	John Hansson	Show:	Rex Cat Club	Date:	03.11.2007

1st & BOB. Anderson's Curlu Gretel 79L 15c. 28-04-07. Longhair Lilac, what a lovely kitten, looking mature & well balanced for her age, though looking larger still due to her coat. Head has very good width across her cheeks, excellent muzzle, rounded brow, broad nose, chin & bite good. Ears well placed & good medium size, well furnished curly interiors & small tufts on the tips. Eyes have good rounding to the shape & quite a good larger size, with a lovely deep coppery colour. Firm body, compact proportions, good legs & paws, which had tufts evident, well balanced tail. Beautifully prepared coat of excellent length, soft texture which parted easily, abundant loose curling wave over its entirety, including the legs & slightly plummy loose waved tail also, fuller around the neck with some ruff present, lovely set of curling whiskers & eyebrows. The colour is a very attractive even lilac tone which is surprisingly sound. Most beautifully presented, excellent condition, wonderfully composed young lady.

Cat:	Curlu Izzy	Reg No:	CSEXP 685927	Date of Birth	24.05.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	John Hansson	Show:	Rex Cat Club	Date:	03.11.2007

2nd Baker's Curlu Izzy. 79L 40 5. 24-05-07. Longhair Red Colourpointed, very impressive young miss, with much to recommend. Fat full cheeks, muzzle not quite as well developed as the winner but that said still has a good square well, defined shape, rounded brow, chin has reasonable depth but a little acnes present, bite good. Ears medium size, well placed & not disproportionate to the head. Eyes quite large & well rounded in shape, the colour by Colourpointed standards was a very good bright clear definite blue. Body was showing a good degree of development, legs & paws were relatively well boned, good medium length tail showing a good degree of loose wavy plume. Very good length to the coat, very soft fine texture showing plenty of loose wave, with the curl more obvious around the neck, tighter curl on the tummy, very good long curling whiskers & eyebrows. Almost clear near white body colour with good brightness to her red points well evident. Her condition & temperament both excellent, very confident young miss.

Cat:	Sarikakings Amilynd-Spring	Reg No:	CSEXP 686763	Date of Birth	02.04.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	John Hansson	Show:	Rex Cat Club	Date:	03.11.2007

3rd Fagg;s Sarikakings Amilynd-Spring. 79S 36e. 02-04-07. Black Tortie Smoke, a girl of pleasing type. Head well rounded shape, with good fullness to the cheeks, muzzle has good width & blunt effect, with slight whisker pinch, brow rounds well, good depth chin, bite level. Relatively well set medium size ears, fitting well into the head shape. Eyes good for size, round in shape, colour golden orange. Body developing well, just a fraction long at present but with good weight & not out of keeping with her age, proportionate legs & paws, tail well balanced medium length & thickness. Good density to her soft coat which parts easily, the wave still loose on the body but tighter on the neck, chest & tummy, soft gentler wave on the legs & at the base of her tail, has good curl evident to the whiskers also. Very good smoke undercoat with top coat of black & red which appears to be deepening well, particularly on the mask & as a result the contrast is very good. Her condition & temperament were also both excellent.

Cat:	Northstar Fleur	Reg No:		Date of Birth	09.06.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	John Hansson	Show:	Rex Cat Club	Date:	03.11.2007

4th North's Northstar Fleur. 79L 36e (but should be 75e). 09-06-07. Black Tortie Silver Shaded, almost a carbon copy type wise of her brother in the male class. Cheeks requiring a little fuller appearance, short nose, quite good muzzle, the brow is a little defined, good chin & bite, despite her double upper canines. Ears quite neat, being relatively small & set well apart, tufts on the tips & some curl to the interior furnishings. Eyes well open, quite a good round shape, the colour has a slightly muddy hazel green tone, still to settle. Body still quite dainty with proportionate legs & smaller paws, slightly short tail. Lovely coat, of very good length with soft flow to it & parting easily, loose unstructured wavy curl well evident, much denser curl around the neck area, also the chest & tummy, tufts on the paws, good curly whiskers & eyebrows. Her colour was an attractive Tortie Silver Shaded, with very good silver undercoat, quite an even mantle of colour to her shading, some deeper colour on her heels. Very sweet gentle nature, lovely condition.

Cat:	Catbalu Quando	Reg No:	CSEXP 640512	Date of Birth	06.10.2005
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs C Kaye	Show:	The Supreme Cat Show	Date:	17.11.2007

2 Walker's Catbalu Quando Well grown, head and body a fraction out of balance – enjoys his food? Rounded top of head, cheeks filled out, level bite, good chin, lovely rectangular muzzle. Medium size ears of good set. Eyes of good shape, set & size. Good breadth to body a little spoilt by his tummy. Limbs and tail to balance. Short coat that is dense. Random curls evident along flanks and shoulders. A happy fella.

Cat:	Trueblu Rockabilly	Reg No:	CSEXP 673170	Date of Birth	23.07.2006
Class:	Selkirk Rex Intermediate Adult				
Judge:	Mrs C Kaye	Show:	The Supreme Cat Show	Date:	17.11.2007

1st IC BOB Minshall's Trueblu Rockabilly Well grown and well balanced young boy. Round head with good breadth, good cheeks, rectangular muzzle, level bite, good chin. Well set medium sized ears. Eyes of good shape, set and size. Cobby body of good length & breadth. Limbs and tail to balance. Dense coat that is a good texture and has random curling giving a slightly "untidy" look. A happy personage in good condition.

Cat:	Curlu Fionn	Reg No:	CSEXP 654161	Date of Birth	18.06.06
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	John Hansson	Show:	Maidstone & Medway	Date:	15.12.2007

1st IC & BOB Anderson's Curlu Fionn 79s 40 6. 18-06-06. Seal Tortie Colourpointed, most attractive girl for type. Head broad & well rounded with well filled cheeks, good square muzzle shape, rounded brow, good chin & bite. Ears smaller medium size, well set, slight tufting to the tips. Eyes well open round shape, very good blue colour. Body has a very good compact shape, good breadth chest, well boned legs & round paws, well balanced medium length & thickness to the tail. Excellent coat showing abundant loose

unstructured curl over the entire body, which parts easily, the curl a little tighter around the neck, chest & tummy areas, lovely soft texture, excellent curl to the whiskers & eyebrows. Very good creamy beige body colour, with slight amount of tonal seal mottles also & well broken tortie points (not that either are very relevant), but looking the part nonetheless. Excellent condition, appeared to be much more composed & easier to handled today.

Cat:	Wyrewood Mr Christian	Reg No:	CSEXP 690035	Date of Birth	06.07.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	Mrs S Lorton Hobbs	Show:	Maidstone & Medway	Date:	15.12.2007

1st & BOB Hazel's Wyrewood Mr Christian (79S 15) DOB: 6.7.07. Excellent size and development for his age with very well boned medium length legs, large paws. Large round head shape, very good width between medium broad based ears, set well apart. Round marginally deep-set eyes, super expression, could be slightly larger. Round profile, short straight correctly downward slanting nose. Curly whiskers and eyebrows. Already has a positive padded whisker development and rectangular appearance from the front. Good depth to chin that lines up. Level bite. Body is cobby, straight back, broad chest and flanks showing rectangular shape. Broad based tail ends in a rounded tip and balanced in length. The coat is really impressive for his age, plush and soft standing well away from the body with curls and waves covering the whole body head legs and paws. The length is uniform and is very dense. An impressive kitten with a superb temperament.

Cat:	Wyrewood Charlie Girl	Reg No:	CSEXP 690031	Date of Birth	06.07.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs S Lorton Hobbs	Show:	Maidstone & Medway	Date:	15.12.2007

1st. Hazel's Wyrewood Charlie Girl (79S 21) DOB: 6.7.07 Medium sized kitten for her age of good weight too. Her head is round, full cheeked with short downward slanting nose. Round eyes, well opened. Very good with between medium broad at base ears and of good set, nice little tufts. Medium depth chin that lines up. Good whisker pad development for her age particularly when viewed from the side. Level bite. Body is solid and displays a rectangular shape overall standing on medium length quite well boned legs. The coat is even in length, quite thick and soft and stands away from the body in a mix of tight and loose waves particularly on her head, ears at the back, neck and legs and marginally less waved on her back but the overall impression when standing away is of a nice wavy coat. Tail balances and has a similar length fur to the rest of the coat.

Cat:	Tishkabar Enchantress	Reg No:	CSEXP 693106	Date of Birth	24.05.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs S Lorton Hobbs	Show:	Maidstone & Medway	Date:	15.12.2007

2nd Palmer's Tishkabar Enchantress (79I 40/9) DOB: 24.5.07 Large well developed girl of excellent bone and rectangular body shape. Ears marginally on the larger side of medium but of correct set and spacing. Large well opened expressive eyes, rounded profile with a fairly short downward slanting nose, level bite and chin just recedes slightly but if good depth. Broad cheeked and muzzle is well-developed, curly whiskers and

eyebrows. Semi-longhair coat that is thick and soft, randomly covered with super loose unstructured curls and waves on head, neck, chest, tummy and legs. Fractionally less waved on the top of her back. Excellent ruff and plumage on her tail.

Cat:	Sheephouse Samkamlees	Reg No:		Date of Birth	06.05.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs S Lorton Hobbs	Show:	Maidstone & Medway	Date:	15.12.2007

3rd. Lee's Sheephouse Samkamlees (79S 31a) DOB: 6.5.07. Pleasing expression to this baby. Overall the body needs to develop a more rectangular appearance as yet as she is marginally compact. Her head shape is well rounded with good ears for shape and set. In profile the nose is short and slants downwards, level bite, good depth to the chin but it recedes a fraction. Positive whisker development with lovely breadth to cheeks. Broad rump and chest and has nice muscle tone developing. Short soft coat stands away well with light waves on the sides, neck and ears, super waves to the legs with just marginally less waves a fraction straighter along her back. The tail is a good length, rounded at the tip.

Cat:	Northstar Fleur	Reg No:		Date of Birth	09.06.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs S Lorton Hobbs	Show:	Maidstone & Medway	Date:	15.12.2007

4th. North's Northstar Fleur (79I 36e) DOB: 9.6.07 Not a smoke in my opinion, a shaded and judged as such. I feel that she is too rounded and lacks the muzzle shape required by this breed as yet. Her nose is very very short, it slants marginally downward the bite is level and chin fairly firm but the muzzle just merges into the rounded contours instead of displaying any rectangular shape, even when viewed from the side. Good breadth across the cheeks. Her ears appeared to be set quite low into the contours too although they are of the correct size and shape. The eyes are rounded and of a fairly good size. Good size and weight she has very nice bone too. The coat is semi longhair, with an excellent ruff and is nice and tight on the belly with more loose curls along her back and sides, the texture is currently rather woolly than soft. Tail is super; a mix of tight and loose waves too. Curly whiskers.

Cat:	Curly Orminda Tishkabar	Reg No:	CSEXP 685726	Date of Birth	22.02.2006
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Miss Charis White	Show:	Shorthaired Cat Society	Date:	05.01.2008

1st IC & BOB Palmer's Curly Orminda Tishkabar – Blue Colourpointed Longhair. 22/02/06 Medium framed female, quite cobby, the muscle tone still developing. Equal breadth across shoulders and rump, and quite a weighty to feel to her body. Broad head, fairly round, with good cheeks, set on a short neck. Nicely rounded forehead and medium sized ears which are set well apart and fit into the contours. Large round eyes of a decent shade of blue, well opened. Short broad nose with downward slant when viewed in profile. Level untidy bite, with well padded whisker pads and broken whiskers. Fairly firm chin. Semi long coat which is reasonably thick and dense and covers her body evenly, with no sparse areas. It stands out from her body and has a lovely unstructured look to the loose curls which are evident across her whole coat. It is impressive in appearance and the texture is soft and plush. The body colour is clear glacial white, with

evenly matched clear blue points. Tail of good length, reasonably thick at the base, with plumy curls. Sweet temperament.

Cat:	Curlu Coco	Reg No:	CSEXP 630134	Date of Birth	24.07.2005
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Miss Charis White	Show:	Shorthaired Cat Society	Date:	05.01.2008

2nd Amarilli's Curlu Coco - Black Tortie Longhair. 24/07/05 Good balance and weight to this female – she has a broad deep rectangular body with a level back and stands on well boned legs with firm round paws. Broad round head with full cheeks is set on a short thick neck. Ears are medium in size with good width between. Nicely rounded forehead in profile. Super large round well opened orange eyes. Short broad nose with straight downward slant in profile. Level bite – she dribbles! Padded whisker pads are clearly visible in profile with broken whiskers. Uniform length to her coat and it has a plush feel to it. It covers her body well and has lovely rich red and jet black mingled throughout. It stands out from her body and she has plenty of random loose curls on her neck, chest and tummy – it just loses them down the spinal area. Thick tail, just a fraction short, with plumy curls evident.

Cat:	Adsetsh Ddraig Goch	Reg No:	CSEXP 689776	Date of Birth	09.06.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	Miss Charis White	Show:	Shorthaired Cat Society	Date:	05.01.2008

1st BOB Looker's Adsetsh Ddraig Goch Red Shorthair. 09/06/07 Well grown cobby male of good weight and bone with a rectangular stocky body, broad across the chest and rump. Strong legs of medium length with large firm round paws. Good round underlying bone structure to a broad head with well spaced medium sized ears which are wide at the base. Rounded forehead. Large round eyes of good colour and open expression. Broad nose with slanting profile and moderate break. Acceptable bite. Padded muzzle giving a rectangular appearance, with some broken and some curly whiskers. Level bite and firm chin. Short thick plush soft coat covers the body well with loose curls across his body, round his neck and on his tummy. The colour is a lovely rich even red, sound to the roots. Medium length tail, thick at the base and rounded at the tip, and showing some curls. Super condition and temperament.

Cat:	Mewsos Bob Dillan	Reg No:	CSEXP 699862	Date of Birth	26.07.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	Miss Charis White	Show:	Shorthaired Cat Society	Date:	05.01.2008

2nd Mewsos Bob Dillan – Blue shorthair. 26/07/07 Good strong looking kitten – he looks as if he is going to grow into a very powerful, heavy boned boy later on. Now, he is broad and cobby with a level back, deep chest and good weight, with medium length strong legs and firm paws. Broad round head with cheeks filling out well. Good rounded contours and bone structure. His ears are well set, could be a fraction larger, and wider set. Super open expression to large round orange eyes. Short broad nose with gentle break and downward slant when viewed in profile. Level bite in fairly well padded muzzle – with broken whiskers – the rectangular effect has still to develop fully. Firm chin. He has a dense very thick coat, soft and plush, of good uniform length. It covers his body really well and stands out from the body. The curliness is developing well

in a loose random way and shows particularly on his neck and chest and tummy. It is a lovely shade of medium blue. Good tail for length and shape with some curls.

Cat:	Wyrewood Mr Christian	Reg No:	CSEXP 690035	Date of Birth	06.07.07
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	Miss Charis White	Show:	Shorthaired Cat Society	Date:	05.01.2008

3rd Hazel's Wyrewood Mr Christian-Black Shorthair. 06/07/07 I wanted to give both of these second as they were comparable in quality – but I wasn't allowed! Compact cobby kitten with a strong rectangular body, level back and showing good breadth. He has a good solid weighty feel to him and good bone development. Broad head with fairly round profile. Ears are of good size, set just a little upright. Full cheeks. Large round deep gold eyes with a good open expression. Short broad nose which slants downward in profile. Level bite and firm chin. The muzzle has a well padded appearance and he has both broken and curly whiskers. Very dense coat of uniform length. It is thick and plush with the curls developing well. He has plenty of loosed random curls evident on his chest and tummy and they are coming along nicely on his upper body and back. The colour is a sound shade of black. Medium length tail with a thick base and rounded tip, showing some curls. Superb temperament – I carted him about the show hall and he lay upside down with his legs waving in the air, loving it all!

Cat:	Mewsos Goodgolly Missmolly	Reg No:	CSEXP 699863	Date of Birth	26.07.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Miss Charis White	Show:	Shorthaired Cat Society	Date:	05.01.2008

1st Beard-Smith's Mewsos Goodgolly Missmolly – Blue Longhair. 26/07/07 A very attractive kitten with a well developed rectangular body of good depth standing on sturdy legs of good length and firm rounded paws. Broad round head with medium sized ears set wide apart and well furnished, they fit into the contours of her head well. Large round open orange eyes with excellent open expression. Cheeks filling out well. Good profile to her forehead and her nose, which is short and broad with a moderate break. Level bite and well padded whisker pads. She has lots of curly whiskers and spectacular 'eyebrows' which curl right across each other on her forehead! Chin lines up in profile. Super semi-long plush dense coat of soft even blue, with loose individual curls across her body. It has a random unstructured appearance. Plumy tail of good length with a rounded tip.

Cat:	Wyrewood Gigi	Reg No:	CSEXP 698306	Date of Birth	14.09.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Miss Charis White	Show:	Shorthaired Cat Society	Date:	05.01.2008

2nd Minshall's Wyrewood Gigi – Blue Tortie & White Longhair. 14/09/07 The baby of the class, with a well shaped body of proportionate weight for her age, medium length well boned legs with firm rounded paws. Broad head, the roundness of the bone structure still developing and the cheeks filling out. Ears are medium sized and broad at the bases, with good furnishings. Large round expressive gold eyes. Short broad nose, with correct profile. Level bite. She has some evidence of the padded muzzle but she is very young and there is still more to come; nice curly whiskers. Chin still to firm. Semi-long coat is dense and soft with a plush feel to it. It has random loose curls developing across the body, and the coat covers well and stands out from her body. The colours are soft blue and medium cream balancing to the white areas, with plenty of

patches of the colours across the coat. Pretty markings on her face. Just some slight discolouration on the insides of her front paws. Plumed tail with curls evident – medium length and thicker at the base. Sweet temperament.

Cat:	Tishkabar Dreamday	Reg No:	CSEXP 693108	Date of Birth	24.05.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Miss Charis White	Show:	Shorthaired Cat Society	Date:	05.01.2008

3rd Palmer's Tiskkabar Dreamday – Blue-Cream Colourpointed Shorthair. 24/05/07 Developing well with a solid rectangular body of good breadth and weight, strong medium legs and firm paws. Broad rounded head with medium ears set wide apart on either side of a slightly curved top. Cheeks developing. Large round blue eyes, well opened. Nicely rounded forehead leading to a short broad nose. Level bite – padded muzzle still developing. Curly whiskers and firm chin. Her coat is medium in length, dense, and covers her body well, with no sparse areas. It is soft and plush apart from the area of her lower back where it is just slightly coarse. The curls are still developing but there is plenty of evidence of the Rex gene present. Clear glacial body colour, and well marked points. Thick tail of medium length with rounded tip. Good condition and temperament.

Cat:	Amazolou Mister Fantastic	Reg No:	CSEXP 679356	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Miss C White	Show:	Shorthaired Cat Society	Date:	05.01.2008

1st IC BOB Walker's Amazolou Mister Fantastic Red Smoke Longhair. 03/04/07 Really well grown for his age with a lovely broad deep rectangular body of good weight. Medium length substantially boned legs with good firm paws. Lovely broad round head with good underlying bone structure. He has a good rounded top between medium sized ears which are broad at the base and well furnished. Lovely large round copper eyes with an open alert expression. Nice cheeks. Good rounded forehead leading to a short broad nose. Level bite in a well padded muzzle. Super curly whiskers. Chin could be firmer. Semi-long coat is plush and dense and stands out from his body. The colour is a lovely soft red top coat with silver undercoat. The loose curls are arranged across the body, tummy and neck, just a little lacking as yet along his back but this will come as he matures and the hormones settle from neutering – he is only nine months old. Super plumed tail. A lovely cuddly boy in excellent condition.

Cat:	Amazolou Mister Fantastic	Reg No:	CSEXP 679356	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs S Heavens	Show:	Notts & Derbys	Date:	19.01.2008

1 IC BOB Walker's Amazolou Mister Fantastic (79I 36d) male, 3.4.07, LH Red Smoke. Unusually not a very happy temperament, let's hope it was just an off day. He is supposed to be a Smoke but looks more Shaded at the moment. Not large for his age but he has nice balance, I am sure he will grow & develop. Round head with good width between ears that are a little on the small side & could be broader to the base, lovely large round expressive eyes a deep orange colour. Good width to cheeks, his muzzle does rather merge into his face but when he's telling you what he thinks you can see the rectangular shape & padding. Level bite, his chin is a little shallow & slopes backwards. Cobby shape to body a fair weight. Super well

prepared coat a mix of loose random waves with curls to his stomach & legs. Full tail with plummy curls that stand out from the tail.

Cat:	Wyrewood Conqueror	Reg No:	CSEXP 690032	Date of Birth	06.07.2007
Class:	Selkirk Rex Intermediate Male Kitten				
Judge:	Mrs S Lorton Hobbs	Show:	Notts & Derbys	Date:	19.01.2008

1st & BOB Hazel's Wyrewood Conqueror (79s 15) 6mths 1wk. Well developed and well grown lad of excellent weight, muscularity and bone for age. Thick straight medium length legs with large round paws. Lovely breadth across cheeks with well padded full whisker pads, positive prominence when viewed from the side too. Rounded profile, short correct downward slanting nose, broad level bite, reasonable depth to chin, would just prefer it more level. Super curly whiskers and eyebrows to match. Very nice width between broad based medium ears, little tufts visible, but marginally pointed. Eyes are expressive but slightly on the small aside, well rounded though. His body is straight backed and cobby of build, equally broad across the chest and rump, super balance and has the desired rectangular torso. Excellent coat, plush, soft and even in length; waves on head, neck, ears and tummy, very fractionally straighter on back but whole coat stands really well away from the body. His tail is uniform to body with waves, broad based. A very promising kitten with a lovely look and feel to him.

Cat:	Wyrewood Conqueror	Reg No:	CSEXP 690032	Date of Birth	06.07.2007
Class:	Selkirk Rex Intermediate Male Kitten				
Judge:	Mrs F Matthias	Show:	Shropshire	Date:	02.02.2008

1 BOB Hazel's Wyrewood Conqueror (79s 1s). Black of super size for six months old. Nicely balanced all round. Good coat texture & length, needs a bit more curl which hopefully will return as the curl does seem to come & go. A very nice type boy.

Cat:	Wyrewood Gigi	Reg No:	CSEXP 698306	Date of Birth	14.09.2007
Class:	Selkirk Rex Intermediate Female Kitten				
Judge:	Mrs F Matthias	Show:	Shropshire	Date:	02.02.2008

1 Minshall's Wyrewood Gigi (79I 22a). A lovely little girl with broad top of head & well placed ears, good eye shape, good nose shape & length, good chin, cheeks developing well. Good balance to the body & tail. Good coat texture & length, again a bit out of curl on the day, but she has all the attributes to become a very nice adult.

Cat:	Crinkles Jack Frost	Reg No:	CSEXP 685675	Date of Birth	02.05.2008
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs F Matthias	Show:	Shropshire	Date:	02.02.2008

1 IC BOB Creaton & Walker's Crinkles Jack Frost (79I 15d) male. A really good example of a Selkirk Rex. A lovely Red boy of really nice type. Good balance to the head. Strong well muscled body, good tail shape & length. Lovely coat texture & length. Super temperament.

Cat:	Amazolou Mister Fantastic	Reg No:	CSEXP 679356	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs A Gregory	Show:	Croydon Cat Club	Date:	09.02.2008

1 IC + BOB Walker's Amazolou Mister Fantastic, 79L36d, MN, 3.4.2007. A young cat who is going through the "teenage" stage but was, nevertheless, looking good! Good head with promising breadth and full cheeks. Medium ears, broad at the base and set well apart in the rounded contours of the head. Curly furnishings! Excellent profile with a rounded forehead, and a downward slant to the short, broad nose. Good depth to the chin. Beautiful eyes, large and round with a cheeky expression! Cobby body with a level back and rectangular shape. Developing a lovely firm, muscular feel. Promising substance to the medium length legs with round, firm paws. Very good tail length to balance, it was moderately thick at the base and rounded at the tip with plummy curls. Lovely soft, dense coat. There are some random curls on the body, but the majority were around the neck and tail. He is lacking a ruff at present, but that is part of this stage of development. Typical adorable temperament and well presented in excellent condition.

Cat:	Adsetsh Amazolou Willow	Reg No:	CSEXP 693073	Date of Birth	28.06.2007
Class:	Selkirk Rex Intermediate Kitten				
Judge:	Mrs S Lorton Hobbs	Show:	Bristol & District	Date:	16.02.2008

1st & BOB Blagdon's Adsetsh Amozoulou Willow (79L 43) This is a shaded kitten. She has a slightly out of balance head to body with ears that are on the larger side of medium but set well apart with super internal furnishings. Round head shape with very good width across the cheeks short broad straight downward slanting nose, level bite and chin. Expressive round eyes with curly eyebrows and whiskers. The muzzle is developing its shape presently with fairly good whisker padding when viewed from the side. Good rectangular body shape with medium length legs of average bone. The coat is full and soft textured, well prepared and is semi-longhair; the ruff is still developing with more unstructured curls around her neck, belly and is excellent on her legs and paws. Superb tail plumes and is a good length to balance the body. I would prefer her to have a little more bone and weight, and she still needs to develop a more muscular appearance for me.

Cat:	Insider Manfred	Reg No:	CSEXP 657832	Date of Birth	13.09.2005
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs J Higgins	Show:	Coventry & Leicester	Date:	23.02.2008

1 IC & BOB Amarilli's Insider Manfred, Smoke. Head round & broad with full cheeks, medium sized ears, large round light green eyes, short broad straight nose, curly whiskers, firm chin set on thick neck. Coat thick & dense, has plenty of feel, the curls show on neck, tail & underbody, slight ripples on the body, black surface with silver under. Body cobby & solid, very muscular, substantial legs, round paws, medium length tail. A sturdy well built male in excellent condition with a super friendly happy temperament.

Cat:	Adsetsh Branwen	Reg No:	CSEXP 689773	Date of Birth	09.06.2007
Class:	Selkirk Rex Intermediate Kitten				
Judge:	Mrs S Lorton Hobbs	Show:	Coventry & Leicester	Date:	23.02.2008

1st & BOB Chesterman's Adsetsh Branwen (79s21) 9.6.07 Very nice looking kitten indeed with a fabulous temperament, just purred for England! Good breadth to head shape and full cheeks, large round eyes, expressive too but just a fraction out of balance to the body as yet. Medium ears nice width at base, set well apart with cute little tufts. The muzzle is already well padded and has a good rectangular shape developing. Firm chin. Excellent bone and muscle tone for her age, very well developed. Rectangular body shape developing well, medium sized legs and fat rounded paws. Her coat is gorgeous, soft, plush, standing well away from the body in unstructured tight and loose waves and curl, curly eyebrows and whiskers and particularly curly on her legs. The tail is broad and tapers to a rounded tip, there is a small bony excrescency at the end but I didn't consider this to be a fixed deviation. Overall a promising example of this breed.

Cat:	Crinkles Jack Frost	Reg No:	CSEXP 685675	Date of Birth	02.05.2007
Class:	Selkirk Rex Intermediate Neuter Male				
Judge:	Mrs L Stevenson	Show:	Coventry & Leicester	Date:	23.02.2008

1 BOB Creaton & Walker's Crinkles Jack Frost (79I 15d). Good type with a broad round head, full cheeks, medium sized ears broad at the base, large eyes reasonably well opened. A cobby cat, round paws, thick tail. Fabulous thick dense coat in loose curls. A lovely promising young male

Cat:	Catbalu Quando	Reg No:	CSEXP 640512	Date of Birth	06.10.2005
Class:	Selkirk Rex Intermediate Neuter Male				
Judge:	Mrs L Stevenson	Show:	Coventry & Leicester	Date:	23.02.2008

2 Walker's Catbalu Quando (79s 15). Nice type, round broad head, round green eyes of good size. Cobby body, large oval paws. Thick dense coat, quite uniform over entire body. Thick medium length tail. Shown in excellent condition.

Cat:	Curlu Coco	Reg No:	CSEXP 630134	Date of Birth	24.07.2005
Class:	Selkirk Rex Intermediate Neuter Female				
Judge:	Mrs L Stevenson	Show:	Coventry & Leicester	Date:	23.02.2008

1st IC Amarilli's Curlu Coco (79I 21). A good looking LH Tortie. Broad round head, large round golden coloured eyes, well placed neat ears. Lovely curly coat. Full medium length tail.

Cat:	Positively Satsuma	Reg No:		Date of Birth	12.07.2006
Class:	Selkirk Rex Intermediate Adult				
Judge:	Mrs C Kaye	Show:	Northern Ireland Cat Show	Date:	01.03.2008

1 IC Mallon's Positively Satsuma (79s 15d) female, 12.7.06 Well grown & balanced girl with a broad round head shape, rectangular appearance to muzzle, messy dentition, good chin, medium sized ears of good set. Orange eyes of good shape, set & size. Cobby body of good length, limbs & tail to balance. Thick dense coat with random curls.

Cat:	Mewsos Romeo	Reg No:	CSEXP 673873	Date of Birth	17.11.2006
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs Anne Gregory	Show:	Lancashire Cat Club	Date:	09.03.2008

1 IC Beard-Smith's Mewsos Romeo, 79S 40 5, M, 17.11.2006 A powerful, masculine Selkirk of excellent type and conformation. The head was broad with rounded contours and full cheeks. In profile the forehead was rounded with a short, broad, straight nose that showed a slight downward slant. Firm chin. The muzzle was visible beyond the cheeks. The top of the head was gently rounded with medium ears, broad at the base and tufted at the tips set well apart in the contours of the head. The eyes were large, round and well-opened. I have to comment on the depth of blue! Cobby body of rectangular shape with a level back. Good breadth to the shoulders and rump. Medium length legs with round, firm paws. Very good tail to balance, it was of medium length and thick with a rounded tip. Excellent thick, dense coat that stood away from the body and felt soft and plush. Very good curls particularly around the neck, on the underparts and around the tail. Beautifully presented in excellent condition and with a friendly, confident temperament.

Cat:	Crinkles Hope	Reg No:	CSEXP 634990	Date of Birth	11.09.2005
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Mrs Anne Gregory	Show:	Lancashire Cat Club	Date:	09.03.2008

1 IC + BOB Harrison's Crinkles Hope, 79L 21, F, 11.9.2005. My notes say "Gorgeous" and she was! Excellent type, mature and substantial with a wonderful expression. The head was broad and balanced with rounded contours and full cheeks. Medium ears, set well apart in the contours of the head. In profile the forehead was rounded. Excellent nose and firm chin. The muzzle was of medium width and she had beautifully padded whiskers. Excellent eyes, large, round and well-opened with that slightly "frowny" look that an owl has! Excellent body, legs and tail. Beautiful coat quality, it was semi-long and had a soft, plushy texture with random, unstructured curls that were textbook! Pleasing curly ruff. Excellent personality and a delight to judge.

Cat:	Fanatikat Madabout The Curl	Reg No:	CSEXP 659577	Date of Birth	05.06.2006
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Mrs Anne Gregory	Show:	Lancashire Cat Club	Date:	09.03.2008

2 Machin & White's Fanatikat Madabout The Curl, 79S 15, F, 5.6.2006 Another beautiful female who had excellent type and quality. Excellent head with well set ears and full cheeks. Padded whiskers and a very good muzzle to "finish". Rounded forehead and short, straight nose of uniform width with a slight downward slant. Large eyes that were set well apart and well-opened. Strong, muscular body that was rectangular with very good legs and tail. The coat was short and of fairly uniform length overall. The texture was soft and plushy. Very good curl, particularly around the neck, on the stomach and around the tail. Beautifully presented in excellent condition and she had that wonderful Selkirk temperament too. I debated long and hard about these two beauties. It was another case of "nit picking" and it was, in the end, Hope's expression that gave her the IC, but I would, very happily award one to the black in different company.

Cat:	Crinkles Jack Frost	Reg No:	CSEXP 685675	Date of Birth	02.05.2007
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs Anne Gregory	Show:	Lancashire Cat Club	Date:	09.03.2008

1 IC + BOB Creaton & Walker's Crinkles Jack Frost , 79L 15d, MN, 2.5.2007. A young Selkirk of just 10 months but beautifully balanced and of excellent type overall. Excellent head that was broad and full cheeked with rounded contours. Medium ears, broad at the base and set well apart in the contours of the head. In profile, the forehead was well rounded with a short, broad, straight nose of uniform width that slanted down slightly. Medium width muzzle with excellent padded whiskers and a firm chin. Wonderful eyes, full and round, set well apart and very expressive. Cobby, rectangular body with a solid, muscular feel and strong legs of medium size with excellent boning and round, firm paws. Excellent thick tail of medium length that tapered slightly to a rounded tip. Superb coat quality, it was thick and dense but felt soft and plush. Excellent curls that were random and unstructured; he was well rexed all over, even down to the tips of his toes! Presented to perfection, his coat quality was excellent and his curly coat had a wonderful healthy gloss to it. Excellent temperament, he had the typical Selkirk sweet, affectionate disposition. He really did have the WOW factor!

Cat:	Mewsos Duke Ellington	Reg No:	CSEXP 705989	Date of Birth	24.10.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	Mrs S Heavens	Show:	Lancashire Cat Club	Date:	09.03.2008

1 BOB Beard- Smoth's Mewsos Duke Ellington (79s15b) 24.10.07, SH Chocolate Selkirk Rex. A real purr box, he was such a happy chappie & loved a cuddle. Lovely round head, broad & fullcheeked with round underlying bone structure, there is good width between medium sized ears with broad base. Well opened eyes with the orange colour developing, short nose with downward slant, good width to muzzle with well padded whisker pads giving a fairly rectangular impression. Level bite & firm chin. Cobby shape to body with just about rectangular shaped torso at present, lovely sturdy legs & firm round paws. What a super coat, dense, standing well from the body, unstructured with loose curls developing all over. Medium thick tail with good plush curls.

Cat:	Wyrewood Gigi	Reg No:	CSEXP 698306	Date of Birth	14.09.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs S Heavens	Show:	Lancashire Cat Club	Date:	09.03.2008

1st Minshall's Wyrewood Gigi (79I 22a) 14.9.07, LH Blue Tortie & White Selkirk Rex. A curly coat on four legs with a delightful nature. Good development to head, nice & broad with full cheeks, rounded forehead, she has a rather heavy brow line which gives her a cross expression & makes her eyes seem a little small & not very round. Well set ears with broad base & tufted tips, medium width muzzle with whisker pads giving rectangular impression when viewed in profile, broad nose with downward slant, level bite & good chin. Great body for shape & weight with equal depth across shoulders & rump & short well boned legs. Her coat can definitely be described as a bad hair day, it is random & unstructured & has lovely loose individual curls. Very full almost fluffy tail;

Cat:	Bluerain Curly Sue	Reg No:	CSEXP 706320	Date of Birth	01.10.2007
Class:	Selkirk Rex Intermediate Kitten Female				
Judge:	Mrs S Heavens	Show:	Lancashire Cat Club	Date:	09.03.2008

2nd Wild's Bluerain Curly Sue (79s31f) 1.10.07, SH Cream & White Bicolour Selkirk Rex. A poppet rather on the small side. Small round head with narrow top, small rather neat ears, her eyes are very closely set & are tending towards an oriental shape. Short narrow nose with downward slant, her muzzle is narrow & very rounded, level bite & weak chin. Very compact shaped body with finely boned legs, she has a lot of developing to do. Short fine coat with the curls starting to develop. Short tail with compact curls coming.

Cat:	Adsetsh Ddraig Goch	Reg No:	CSEXP 689776	Date of Birth	09.06.2007
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs M Le Monnier	Show:	Cambridgeshire Cat Club	Date:	29.03.2008

1 IC BOB Looker-Williams Adsetsh Ddraig Goch (79s 15d) 9.6.07 Gorgeous Selkirk Rex Red boy. Round broad head with full cheeks & rounded forehead, good muzzle of medium width with well padded whisker pads, giving a rectangular impression & some curly whiskers & broken ones. Broad straight nose with downward slant, slight nose break, firm well developed chin, large round well open eyes, set well apart. Ears were of medium size & tufted at the tips, set well apart on the broad head. Muscular body with a level back, broad across the shoulders & rump, he has well boned & medium length legs with round firm paws. A thick medium length tail which is thicker at the base with rounded tip. His coat is thick & dense with loose individual curls, giving a nice soft feeling. A quality exhibit who had a lovely temperament & handled well.

Cat:	Curly Ormindia Tishkabar	Reg No:	CSEXP 685726	Date of Birth	22.02.2006
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Mrs M Le Monnier	Show:	Cambridgeshire Cat Club	Date:	29.03.2008

IC withheld. 1 Palmer's Curly Ormindia Tishkabar (Imp) (79I 402) 22.2.06 Blue Colourpointed Selkirk Rex female, who was very out of coat today.

Cat:	Bluerain Mia of Cleyview	Reg No:	CSEXP 700281	Date of Birth	01.10.2007
Class:	Selkirk Rex Intermediate Kitten				
Judge:	Mrs J Higgins	Show:	Kernow Cat Club	Date:	29.03.2008

1 withheld; 2 Blagdon's Bluerain Mia of Cleyview Blue Cream Tortie & White. Head round & broad, medium sized ears, large round light green eyes, nose short and has a deep break between eyes, chin is very forward, has undershot bite. Thick dense coat, stands well with light curls on the surface. Body well grown & firm, sturdy young kitten, good length tail. Very good condition with a very sweet temperament. Withheld first owing to unlevel bite.

Cat:	Insider Manfred	Reg No:	CSEXP 657832	Date of Birth	13.09.2005
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs Anne Gregory	Show:	Rex Cat Association	Date:	12.04.2008

1 IC Amarilli's Insider Manfred, 79S 36, M, 13.9.2005 A handsome smoke who was a little "jowly" which made his head a little too broad for the length (rather like a horizontal rugby ball?) but when the jowls were smoothed, the head was correct and the underlying bone structure was, indeed, round. The top of the head was gently curved with marginally small ears set well apart in the contours of the head. In profile the forehead was rounded and the nose was straight below the break. Medium width to the muzzle and the whisker pads were padded. Large, expressive eyes that were round and set wide apart. Short, thick neck. Excellent cobby body with a solid, muscular feel to him. Medium length legs that were well boned. Thick tail that was rounded at the tip and a good length to give overall balance. Dense coat that stood away from the body and was well rexed, particularly around the head, down the legs and on the tail. Beautifully shown in excellent condition, he was rather shy but very sweet and gentle.

Cat:	Adsetsh Branwen	Reg No:	CSEXP 689773	Date of Birth	09.06.2007
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Mrs Anne Gregory	Show:	Rex Cat Association	Date:	12.04.2008

1 IC + BOB. Chesterman's Adsetsh Branwen, 79S 21, F, 9.6.2007 My notes say, "Scrummy!" and she truly was!!! At 10 months and three days she was well grown, solid and muscular with excellent type and a wonderful coat – add to that, she was a dominant tortie (Yes, I know there are no points for colour!). Here was a Selkirk with the WOW factor!!!! Excellent head type with a round face and full cheeks. The skull had breadth with medium ears set wide apart in the contours of the head. They were broad at the base with curly tufts at the tips. Large eyes that were full, round and well-opened. She had that lovely "glare" that some owls have" In profile, the forehead was rounded; the short, broad nose had a downward slant and the chin had depth. The muzzle was well formed with prominent whisker pads. Cobby body developing really well. Excellent legs and tail. Super coat that was really dense, thick and was just right for running your fingers through! It was well curled. Excellent condition and a wonderful, confident temperament. I predict she has a promising future.

Cat:	Mewsos Count Bassie	Reg No:	CSEXP 705990	Date of Birth	24.10.2007
Class:	Selkirk Rex Intermediate Kitten Male				
Judge:	Mrs Anne Gregory	Show:	Rex Cat Association	Date:	12.04.2008

1 + BOB Beard-Smith's Mewsos Count Bassie, 79S 15C, M, 24.10.2007 Things can only get better (or so the song says!) and they did! I was impressed with the adult Selkirks, but this kitten was simply amazing! Wonderful coat that reflected everything required from the Standard of Points; it was of fairly uniform length all over, really thick and dense but soft and plushy. It really was random and unstructured with loose curls and waves all over. Again, the colour was an added bonus, it was a soft, pinky lilac that was very attractive. His type was excellent – well grown for 5 ½ months, he felt solid and muscular with strong boning. The head had breadth and balance with rounded contours. The face was round with full cheeks. Medium ears were set wide apart in the contours of the head. They were broad at the base and tapered to rounded tips. The top of the head was gently rounded as was the forehead. The nose short and broad with the desired downward slant. Lovely depth to the chin. Excellent muzzle with well padded whisker pads. Short, thick neck. Excellent cobby body, strong legs and a thick tail with a rounded tip. His eyes were large, round and very expressive with such a sweet expression. Delightful nature, he was so cuddly and purry! A star is born!

Cat:	Amazolou Mister Fantastic	Reg No:	CSEXP 679356	Date of Birth	03.04.2007
Class:	Selkirk Rex Intermediate Neuter Male				
Judge:	Mrs Anne Gregory	Show:	Rex Cat Association	Date:	12.04.2008

1 IC Walker's Amazolou Mister Fantastic, 79L 36D, MN, 3.4.2007 Young male who is maturing. Lovely type and expression. The head was well rounded with full cheeks and a good muzzle with well padded whisker pads. Medium ears set well apart in the contours of the head. The top of the head was gently rounded as was the brow. The nose was short, broad and straight. Good chin. Large, expressive eyes that looked so appealing. Very good body with cobby conformation and a firm, muscular feel to him. He stood well on medium length legs with good boning. The tail was of balanced length. Lovely texture and curls to the coat. He was a bit short of a ruff and the tail was a little thin, but I felt that was perhaps seasonal and he was well curled. Excellent condition and temperament.

Cat:	Catbalu Quando	Reg No:	CSEXP 639936	Date of Birth	06.10.2005
Class:	Selkirk Rex Intermediate Neuter Male				
Judge:	Mrs Anne Gregory	Show:	Rex Cat Association	Date:	12.04.2008

2 Walker's Catbalu Quando, 79S 15, MN, 6.10.2005. A very nice cat who was a good size with solid muscle tone but I would like stronger boning to the legs. The face was round with reasonable breadth of skull and full cheeks. Medium ears set quite well apart in the contours of the head. Round eyes set well apart but not as expressive as the winner's. Medium nose of uniform width with a downward slant. Reasonable muzzle and good chin. The coat was dense and stood away fairly well from the body. A little coarse on the back and some seasonal problems with curl although it was apparent around the neck and tail. Beautifully shown in excellent condition and with a lovely temperament.

Cat:	Curly Coco	Reg No:	CSEXP 630134	Date of Birth	24.07.2005
Class:	Selkirk Rex Intermediate Neuter Female				
Judge:	Mrs Anne Gregory	Show:	Rex Cat Association	Date:	12.04.2008

1 IC + BOB Amarilli's Curlu Coco, 79L 21, 24.7.2005 Another excellent example of the breed with excellent type, coat and style. Excellent head type with breadth and balance to the skull and a round face with full cheeks and excellent, well padded muzzle. The ears were of medium size, set well apart, broad at the base with little curly tufts at the tips. Rounded brow with a good nose break and a short, broad nose that was straight and, in profile, sloped downwards. Good chin. Wonderful eyes, again with that wide-eyed stare that seems the trademark of quality dominant torties! Excellent body, firm and muscular with a rectangular torso and strong, well-boned legs of medium length. The tail was of balanced length and thick with plumy curls. Excellent coat quality that was of semi-longhair length, scrunchy but soft with a silky feel. It stood away well from the body and had excellent unstructured curls. Beautifully presented in excellent condition and with a friendly, confident personality.

Cat:	Wyrewood Conqueror	Reg No:	CSEXP 690032	Date of Birth	06.07.2007
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs J Allen	Show:	Essex Cat Club	Date:	12.04.2008

1 IC Hazel's Wyrewood Conqueror 79s15. Very pleasing male and only just over 9 months. So well grown with super boning and substance. His nicely rounded head was very well balanced with nicely set ears. Expressive good sized eyes. Reasonable muzzle with full cheeks. Nice bite and chin balances well. Super conformation with substantial limbs. His coat was going through that adolescent stage lacking a bit in curls on his body but there was still sufficient evidence of curls on his chest and flanks. Well shown and handled well.

Cat:	Sarikakings Amilyndfriz B	Reg No:	CSEXP 706320	Date of Birth	20.06.2007
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs J Allen	Show:	Essex Cat Club	Date:	12.04.2008

2 Fagg's Sarikakings Amilynd-FrizB 79I 43f. Another well grown male but with not such well developed type and the winner. I liked his head and ear set, his eyes for me were rather deepset. Cheeks still need to develop further roundness and his muzzle requires more strength to really stand out from his face. Super boning and body weight. Long coat that was nicely curled. Well shown,

Cat:	Tishkabar Funloving Simba	Reg No:	CSEXP 693103	Date of Birth	24.05.2007
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mr Johannes Lamprecht	Show:	Essex Cat Club	Date:	12.04.2008

1 IC BOB Cook's Tishkabar Funloving Simba (79L 40) (24.05.2007) Lovely size and balance of body, legs and tail. Could be slightly more cobby. Chest could be deeper and more broad. Needs a little more muscle substance and boning. Head round but needs to be a little broader and cheeks more full. Well set ears of good size. Great expression. Eye colour a little pale. Excellent longhair coat in all respects. Excellent texture. Ringlets, curls and waving all present. Good length. Lovely presentation. Excellent nature and condition.

Cat:	Wyrewood Mr Christian	Reg No:	CSEXP 690035	Date of Birth	06.07.2007
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mr Johannes Lamprecht	Show:	Essex Cat Club	Date:	12.04.2008

2 Hazel's Wyrewood Mr Christian (79s 15) (06.07.2007) Good size for age, but still immature. Rather light boned. Balanced body, legs and tail length. Round head with full cheeks. Top of head could be broader. Large, expressive eyes of acceptable colour. Nose a little long and could be more snub. Acceptable chin. Excellent shorthair coat length and texture. Excellent waving and curls. Excellent presentation. Wonderful nature and excellent condition.

Cat:	Magnetique Silver Cassius	Reg No:	CSEXP656238	Date of Birth	24.04.2006
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Stephe Bruin	Show:	Humberside Cat Club	Date:	12.04.2008

1 IC & BOB Lee's Magnetique Silver Cassius Bi-colour Silver Agouti. Well balanced big cobby boy, medium length tail. Full-cheeked, broad, short head carried on short, thick neck. Rounded forehead, medium width to muzzle. Expressive round eyes. Medium large ears, broad at the base, fitting rounded contour of head. Short, dense, thick, curly coat. Amiable disposition.

Cat:	Magnetique Upsy Daisy	Reg No:	CSEXP 685926	Date of Birth	10.03.2007
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Stephe Bruin	Show:	Humberside Cat Club	Date:	12.04.2008

1 IC Lee's Magnetique Upsy Daisy Silver agouti tortie. Well balanced w. medium length tail. Broad head, full cheeks, rounded forehead and medium width to muzzle. Short, crinkly whiskers. Soft feel to well curled coat.

Cat:	Magnetique Iggle Piggie	Reg No:	CSEXP 685932	Date of Birth	10.03.2007
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Stephe Bruin	Show:	Humberside Cat Club	Date:	12.04.2008

1 IC & BOB Lee's Magnetique Iggle Piggie Large, handsome boy; well fed. Broad head with rounded forehead; full cheeks. Lovely expression to round eyes. Medium size ears, well set. Dense, short coat; well curled; very expressive black smoke shows lovely contrast.

Cat:	Mewsos Romeo	Reg No:	CSEXP 673873	Date of Birth	17.11.2006
Class:	Selkirk Rex Intermediate Adult				
Judge:	Mrs J Green	Show:	Manchester & District	Date:	03.05.2008

1 IC & BOB Beard-Smith's Mewsos Romeo 79s40 5. Well structured young cobby boy with well boned limbs and feeling firm and muscular. Lovely coat is dense and stands out from the body, well covered in random loose curls feeling soft and plush, tail curls are plush and compact. Broad round head on thick neck, full cheeks, well padded whisker pads, well defined profile line. Medium well fitting ears set well apart, large well opened eyes show very nice expression. He is like a cuddly teddy bear!

Cat:	Crinkles Reed	Reg No:	CSEXP 689297	Date of Birth	05.06.2007
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs J Green	Show:	Manchester & District	Date:	03.05.2008

1 IC & BOB Creaton & Walker Crinkles Reed 79L 15d. Youngster of eleven months and very well grown, cobby and muscular, well boned limbs. Semi-long coat standing out from body, generally showing unstructured curls which are loose and obviously still developing, longer ruff frames the face, plumy tail curls. Very good head, round underlying structure, full cheeks, well padded pads, short broad nose, medium ears broad at base set well apart. Large well opened eyes, lovely expression.

Cat:	Fanatikat Dare to Differ	Reg No:	CSEXP 659578	Date of Birth	05.06.2006
Class:	Selkirk Rex Intermediate Neuter				
Judge:	Mrs Anne Gregory	Show:	Nor'East of Scotland	Date:	10.05.2008

1 IC + BOB Morrison's Fanatikat Dare to Differ 79S 31f, MN, 5.6.2006 A handsome young Selkirk of very good type and balance overall. The head had breadth with medium ears, broad at the base, set well apart in the rounded contours of the head. Full cheeks and a good muzzle of medium width with well-padded whisker pads. This gave the muzzle the typical rectangular look and it could be seen beyond the cheeks when viewed in profile. Rounded forehead and short, straight nose that was broad when viewed "straight on" Large, round eyes that were set well apart and very expressive. Excellent muscle tone to the cobby, rectangular body with medium length, sturdy legs and round paws. Excellent coat quality, it was really dense and plush. Wonderful to run your fingers through, it felt very luxurious and had superb unstructured curls all over. Shown in excellent condition. He was a little grumbly which is unusual for a Selkirk but there was no malice intended.

Cat:	Wyrewood Conqueror	Reg No:	CSEXP 690032	Date of Birth	06.07.2007
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs Anne Gregory	Show:	Suffolk & Norfolk	Date:	17.05.2008

1 IC + BOB Hazel's Wyrewood Conqueror, 79S 15, M.6.7.2007 A stunning Selkirk of superb type and coat quality. Excellent boning and substance, he looks so powerful but has the temperament of a cuddly toy! Round head with breadth and balance to the skull. Full cheeks and firm, rectangular muzzle with well-padded whisker pads. Rounded forehead and top of head. Medium ears, rounded at the tips, broad at the base and set well apart in the contours of the head. Short, broad, straight nose with a downward slant. Firm chin and level bite. Large eyes, round and set wide apart with a gentle expression. Excellent cobby body that is rectangular with breadth to the shoulders and rump. Large and solid. Medium length legs that were sturdy with large round paws. Thick tail of medium length with a rounded tip. Excellent thick, dense but soft and plush coat. Excellent random waves and curls all over. Excellent condition and temperament. I was so pleased to find he was later awarded best British Adult.

Cat:	Tollcross Fitzbang	Reg No:	CSEXP 690238	Date of Birth	18.07.2007
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs Anne Gregory	Show:	Suffolk & Norfolk	Date:	17.05.2008

2 Baker's Tollcross Fitzbang, 79S 30, M, 18.6.2007 Another handsome and cobby male, unlucky to meet the winner. Very good head, ears and muzzle. Full cheeks. Very good profile and chin. Super expression in those large, well-set eyes. Cobby body that was firm and muscular with very good, strong boning. Strong legs and a thick tail to balance. Good coat that was reasonably dense and soft to the touch. Curling well, particularly around the head and chest. Curls around the tail. Beautifully shown in excellent condition and with a sweet temperament.

Cat:	Wyrewood Charlie Girl	Reg No:	CSEXP 690031	Date of Birth	06.07.2007
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Mrs Anne Gregory	Show:	Suffolk & Norfolk	Date:	17.05.2008

1 IC Hazel's Wyrewood Charlie Girl, 79S 21, F, 6.7.2007 A beautiful female, litter sister to my BOB winner. Excellent type and balance overall and very feminine although still substantial and cobby. Very good head for breadth and balance with full cheeks. Well defined rectangular muzzle with padded whisker pads. Large round eyes with an excellent expression (slightly naughty but innocent at the same time!). Short, straight nose of good breadth with a slight slant. Rounded forehead and top of head. Medium ears, broad at the base and well spaced. Cobby body that was rectangular with sturdy legs and round paws. Tail thick, of medium length with a rounded tip. Excellent coat quality, it felt good to run your fingers through. Excellent waves and curls. Beautifully presented in excellent condition and with a delightful temperament.

Cat:	Tishkabar Appassionata	Reg No:	CSEXP 693106	Date of Birth	24.05.2007
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Mrs Anne Gregory	Show:	Suffolk & Norfolk	Date:	17.05.2008

2 Palmer's Tishkabar Appassionata 70L 40 8, F, 24.5.2007 Another beauty with lovely type and expression. Very good head type with breadth and balance to the skull; round face with full cheeks; rounded top of head with medium ears, broad at the base, tufted and set well apart in the contours of the head.

Rounded forehead. Short, broad nose with a downward slant. Large eyes, round and well-opened. Very expressive. Rectangular body with very good legs and tail. Dense coat that was semi-long with a pleasing ruff to frame the face. It was unstructured with random curls. Perhaps slightly dry to the touch? Beautifully presented in sparkling condition and with the usual superb Selkirk temperament. Unlucky to meet the winner.

Cat:	Wyrewood Gigi	Reg No:	CSEXP 698306	Date of Birth	14.09.2007
Class:	Selkirk Rex Intermediate Kitten				
Judge:	Mrs Anne Gregory	Show:	Suffolk & Norfolk	Date:	17.05.2008

1 + BOB Minshall's Wyrewood Gigi, 79L 22a, F, 14.9.2007 A very pretty semi-longhair Selkirk with excellent head type and expression. The head was broad and balanced with rounded contours. Medium ears, broad at the base and tufted were set well apart. Large eyes, very expressive and set well apart. Rounded forehead and short, broad nose with a downward slant. Level bite and firm chin. Lovely rectangular muzzle that was well padded. Excellent body, legs and tail. She was cobby and solid. Excellent coat quality, thick and dense with loose, individual curls all over. Beautifully presented in sparkling condition and an excellent, confident temperament.

Cat:	Tollcross Deeply Dippy	Reg No:	CSEXP 656660	Date of Birth	16.06.2008
Class:	Selkirk Rex Intermediate Neuter Male				
Judge:	Mrs Anne Gregory	Show:	Suffolk & Norfolk	Date:	17.05.2008

1 IC + BOB Baker's Tollcross Deeply Dippy, 79S 15d, MN, 16.6.2006 A large, mature male neuter who was substantially boned and had solid muscle giving an excellent cobby appearance. Excellent head with a broad, rounded skull and full cheeks. Good muzzle with well-padded whisker pads. Rounded forehead and short, broad nose of uniform width with a downward slant. Good depth to the chin. Excellent body and legs. Tail thick and of medium length though a little pointed at the tip. Short, dense coat that had excellent curls and waves. Shown in excellent condition and with such a confident out-going temperament.

Cat:	Tishkabar Funloving Simba	Reg No:	CSEXP 693103	Date of Birth	24.05.2007
Class:	Selkirk Rex Intermediate Neuter Male				
Judge:	Mrs Anne Gregory	Show:	Suffolk & Norfolk	Date:	17.05.2008

2 Cook's Tishkabar Funloving Simba, 79L 40 3, MN, 24.5.2007 A handsome cat of very good type and an excellent semi-long well rexed coat. He is still maturing, so did not have the breadth of skull nor strength of muzzle of the winner. Nevertheless, he did have well spaced ears, broad at the base and tufted. Large, very expressive eyes that were round and well-opened. Short, broad nose that slanted down slightly. Good chin. Cobby, rectangular body with good legs and tail. Lovely dense coat that felt soft. Random curls with a ruff to frame the face. Shown in excellent condition and with a delightful nature.

Cat:	Curlu Isaak	Reg No:	CSEXP 685922	Date of Birth	24.05.2007
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs J Higgins	Show:	Jersey Cat Club	Date:	10.05.2008

1 IC BOB Anderson's Curlu Isaak SH Red. Head broad & round, medium sized ears, full cheeks, large round eyes of very deep copper colour, short broad nose, good whisker pads, chin firm. Coat thick & dense, stands well, the surface has ripples & curls, a very rich red colour, has more curls around neck, underbody & tail has a plushy feel. Body cobby & strong, very firm & muscular, broad across the shoulders & rump, firm muscular legs, round paws, tail has round tip. A well balanced neuter in excellent condition with a super temperament, very sweet & friendly.

Cat:	Crinkles Jack Frost	Reg No:	CSEXP 685675	Date of Birth	02.05.2007
Class:	Selkirk Rex Intermediate Neuter Male				
Judge:	Mrs C Kaye	Show:	Midland Counties	Date:	18.05.2008

BOB Creaton & Walker's Crinkles Jack Frost (79L 15d) male 2.05.07

Cat:	Crinkles Reed	Reg No:	CSEXP 689297	Date of Birth	05.06.2007
Class:	Selkirk Rex Intermediate Neuter Male				
Judge:	Mrs C Kaye	Show:	Midland Counties	Date:	18.05.2008

IC withheld 1 Creaton & Walker's Crinkles Reed (79L 15d) male 5.06.07 Friendly young man. Round top of head of reasonable breadth, rather a pronounced nose break, sadly he is undershot, good chin, medium sized ears of good set. Eyes of good set, shape & size. Cobby body with limbs & tail to balance. Thick dense coat with random curls. Overall lovely head type. Good body & coat.

Cat:	Insider Manfred	Reg No:	CSEXP 657832	Date of Birth	13.09.2005
Class:	Selkirk Rex Intermediate Adult Male				
Judge:	Mrs J Green	Show:	Somerset Cat Club	Date:	07.06.2008

1 IC Amarilli Insider Manfred (IMP) (79S 36) Cobby and well muscled body on strong legs with substantial bone, round firm paws, thick tail has plush curls. Coat well waved and stands out from the body feeling dense, random individual curls including his underparts. Round head has full cheeks, good muzzle and padded whisker pads give rectangular impression, chin could be a little more developed. Medium ears broad at base and fit quite well, round well-opened eyes set well apart.

Cat:	Adsetsh Amazolou Willow	Reg No:	CSEXP 693073	Date of Birth	28.06.2007
Class:	Selkirk Rex Intermediate Adult Female				
Judge:	Mrs J Green	Show:	Somerset Cat Club	Date:	07.06.2008

1 IC BOB Blagdon Adsetsh Amazolou Willow (79L 43) Well muscled cobby youngster not yet a year old, very nice substance. Well boned legs, firm round paws, tail in proportion and showing plummy curls which stand away. Her coat has very texture and random unstructured waves and curls, longer fur on her ruff framing the face. Well shaped round head, full cheeks, round forehead, well padded whisker pads, short broad nose, good chin. Medium ears well set, tufted and furnished, large round well-opened eyes, lovely expression.

Cat:	Amazolou Mister Fantastic	Reg No:	CSEXP 679356	Date of Birth	03.04.2007

Judge:	Miss C White	Show:	Somerset Cat Club	Date:	07.06.2008

BOB Walker's Amazolou Mister Fantastic – Red Smoke Longhair

Cat:	Wyrewood Mr Christian	Reg No:	CSEXP 690035	Date of Birth	06.07.2007
Class:	Selkirk Rex Intermediate Neuter Male				
Judge:	Miss C White	Show:	Somerset Cat Club	Date:	07.06.2008

1 IC Hazel's Wyrewood Mr Christian Black Shorthair 06/07/07 Compact cobby frame – rectangular in shape – broad and deep. He is only a young neutered adult and still has plenty of time to mature and develop the look of power, but he is coming along well and is weighty. He stands well on medium sturdy legs with firm paws – well, he did when we made him; otherwise he spent most of his time on his back showing off the curls on his tummy! Such a sweetie. Neat round head is held on a short thick neck. The cheeks have yet to fill out, and at the moment he looks just slightly British as his ears are set a little upright. They are of medium size and broad at the base – he just needs the head to fill and the ears to drop a little. Again this impacts on his forehead which is getting the roundness but it just needs a little more depth – all this will come. Round, fairly large eyes are gold in shade. Nose could be a fraction shorter but it is broad and straight and slants downwards. Level bite, chin firming. Dense thick coat of correct length, it is plush on his sides and tummy but just has a slightly coarse feel down the spinal area. There are no bare nor sparse areas and the coat stands out well from his body. There are loose random curls generally – they are a little lacking down his centre back – and he has good curls on his sides, neck and belly. There is good evidence of the rex gene on his legs and paws where waves are evident. Medium length tail with rounded tip also shows some curls near the base.

Cat:	Crinkles Reed	Reg No:	CSEXP 689297	Date of Birth	05.06.2007
Class:	Selkirk Rex Intermediate Neuter Male				
Judge:	Mrs C Wren	Show:	Lakeland	Date:	21.06.2008

1 IC & BOB Creaton & Walker's Crinkles Reed – 05.06.2007. Red self longhair male. A gorgeous lad. Broad rounded top of head with medium sized ears set well apart. Broad rounded forehead. Large round eyes of bright orange. Broad nose with a deep break. Very prominent cheek bones and a full muzzle with well padded whisker pads. Solid body with good muscular feel to it and it is deep. Short thick legs with rounded paws. Thick tail broader at the base. Excellent coat which is very dense and stands away from the body. Very well curled all over. Deep shade or red. Very nicely prepared.

Cat:	Amazolou The New Schmoo	Reg No:	CSEXP 715352	Date of Birth	13.04.2007
Class:	Selkirk Rex Kitten Male				
Judge:	Sue Lorton-Hobbs	Show:	Kensington Kitten & Neuter Cat Club	Date:	26.07.2008

1 BOB Amarilli's Amazolou The New Schmoo (79s 39d) 13.4.08 Lovely baby overall with substance, bone and is a very good weight, just starting to develop that rectangular look to the body and legs. Round head with fairly medium sized ears, maybe a tad small but will wait to see how he develops. Excellent breadth at the cheek bones, muzzle still slightly rounded but shape developing and when viewed from the side there is slight padding evident. A mix of straight and curly whiskers. Short nose, reasonably downward slanting but it just rounds a tiny bit at the tip. Round expressive eyes. Level bite and good depth to level chin. Very nice tight curls and waves, you can see them starting right down the hair shaft to his roots, slightly woolly feel to the coat at present. The tipping is my only question in that it isn't really that noticeable yet, I would wonder as to whether he might be red or cream maybe but am verging on red due to the tone in the very slight colouring almost like a pale mantle visible as a sheen of very pale red. Tail has curls and waves and is an average length.

Cat:	Curly Macey	Reg No:	CSSR 711295	Date of Birth	14.04.2008
Class:	Selkirk Rex Kitten Female				
Judge:	Sue Lorton-Hobbs	Show:	Kensington Kitten & Neuter Cat Club	Date:	26.07.2008

1st Anderson's Curlu Macey (79s21) Well grown black tortie lass with nice rectangular body shape and medium length well boned legs. Round head not quite as full cheeked at the male above, nice round expressive eyes, short nose but has a bump in profile and falls away at the nose leather so it isn't quite straight and the bump ever so slightly detracts from the downward slant. Muzzle is pinched at present but is developing quite well at the whisker break. Level bite and chin. Excellent body weight and bone. Super coat for texture and length, curls developing nicely around the neck under body and legs, just a little less curly on her back and not quite as dense as the male winner. Tail just about medium in length. A little character, lovely nature.

Rule 50g. 'A list of shows throughout the country with numbers of cats of the breed which appeared at each show, as evidence of the popularity of the breed.'
